age.

Gov. Rhodes Will Visit Du Pont Plant

Gov. James A. Rhodes and
members of his staff are sched-
uled for a visit and tour tomor-
row at the Circleville Du Pont
plant.

The governor and perhaps
as many as 12 of his staff
are due at the plant at about
10 a.m. Approximately 20
members of the press, radio
and television also are slated
to take part.

A welcome and briefing ses-
sion will be attended by the
governor's party, news person-
nel, Du Pont officials from Wil-
mington, Del., and members
of the plant staff. Tours
of the "Teflon" and "Mylar"
plants will follow. The entire
program is due to last until
about 12:30 p. m.

Alden Bray, Circleville plant
manager, will preside at the
briefing session. His remarks
will include a welcome, a his-
tory of Du Pont at Circleville
and the firm's satisfaction with
this community as a plant lo-
cation and the expansions here.

ALSO SCHEDULED to be on
hand will be Walter O. Simon,
of Wilmington, general man-
ager of Du Pont's Film Depart-
ment. His remark will in-
clude a welcome and further
evaluation of Ohio as an indus-
trial location.

Following a response by Gov.
Rhodes, the assembled visitors
and guests will take part in a
review of the local operation in
anticipation of the tour of fac-
ilities.

Once Around Roundtown

AN EXTENSIVE "joy rid-
ing" spree for three Ashville
area youths ended Saturday
night.

According to officers,
the youths had been taking cars
parked at the Teays Valley
High School during basketball
games, driving them for a short
period and then bringing them
back.

One of the cars taken in the
past belonged to Marshal Glenn
Clay of Ashville. . . Saturday
the three boys were apprehended
by Marshal Clay and Picka-
way County Deputy Sheriff Bud
Allison.

U.S., German Vessels Collide; 7 Missing

GREMERHAVEN, Germany
(AP) — The American freighter
Blue Jacket and the German
coastal freighter Dirk collided
in fog early today. The 295-ton
Dirk sank and seven of her
eight-man crew were believed
to be lost.

The collision occurred near a
lighthouse off the Weser River
Estuary.

The 8,000-ton Blue Jacket re-
ported little damage and no in-
juries.

Many High School Kids Smoke; Most Are Expected To Continue

CHICAGO (AP)—Many high
school students are habitual
smokers, and it's almost an
even bet that the recent govern-
ment report linking cigarettes
and lung cancer won't discour-
age the habit.

That is the opinion of high
school principals attending a
national convention in Chicago,
given in response to an Associ-
ated Press questionnaire.

Almost two-thirds of the prin-
ciples surveyed said 20-60 per
cent of their students smoke
regularly. More than one-quar-
ter place the figure at 40 per
cent or more.

The principals were asked:
"From your observations, do
you believe the government re-

port has tended to discourage
student smoking?"

Fifty-six per cent said "yes,"
44 per cent said "no."

Virtually all the principals
reported their schools regularly
provide classroom instruction
about the dangers of smoking.
The rest said such instruction
has been added since the sur-
geon general's report last
month singled out smoking as a
serious health hazard.

The principals reported that
state laws which prohibit teen-
agers from purchasing or using
cigarettes are "usually not en-
forced" and "completely inef-
fective."

Many local governments limit
their legal efforts to barring

smoking on school buses or
within several hundred yards of
the school buildings.

Several principals reported
they have taken action into
their own hands.

At Sibley High School in West
St. Paul, Minn., students caught
smoking on the school grounds
are suspended on the first of-
fense and expelled for the sec-
ond.

Estimates of the percentage
of students who smoke ranged
from "none," at Duchesne
(Utah) High to 60 per cent at
Milford, Mich., and Hamden,
Conn.

Over-all, 38 per cent of the
principals reported that up to 39
per cent of their students smoke

habitually. Twenty per cent
said 20-29 per cent, 14 per cent
said 30-39 per cent, 12 said 40-49
per cent, and 16 per cent said
50-60 per cent.

Several principals reported
efforts by students to discour-
age their classmates from
smoking.

Leslie D. Wells, principal at
West Anchorage, Alaska, High
said, "A new honor plan no-
smoking campaign this year
tended to discourage the habit
and show our younger students
that the school family does not
believe people of high school
age should smoke. Speaking
from experience, it is working
as well or better than a get-
tough policy."

When the pilot, George E.
Martin, 45, a New York City de-
tective, landed the two-seater
piper cub Sunday at Zahn's
Airport near this Long Island
community, Nancy couldn't
wait to tell her schoolmate,
Martin's daughter, Judy, 16, all
about the ride.

Nancy, of nearby Wantagh,
leaped from the craft and ran
straight into the spinning pro-
peller. It killed her instantly.

DRIVER INJURED — Harry Plumber was admitted yesterday to Mercy Hospital, Columbus, for treatment of injuries he sustained when he lost control of his car just north of Darbyville. Plumber was listed in "critical" condition by hospital authorities. He was involved in one of the rash of seven accidents investigated yesterday by the Pickaway County Sheriff's Department. Panama Pact Claim Denied

Latins Say U.S.
OK'd Negotiations

WASHINGTON (AP)—A high
Latin American source has
claimed the United States com-
mitted itself in 1962 to renegoti-
ating the Panama Canal treaty,
but the U.S. State Department
says no such agreement was
made.

"There is not and never has
been a secret governmental
agreement between the United
States and Panama concerning
treaty relationships," a State
Department spokesman said in
a prepared statement Sunday
night.

Earlier, the Latin American
source said Panamanian offi-
cials told the Inter-American
Peace Committee last month
that a memorandum signed in
1962 committed the United
States to renegotiate the 1903
Treaty, under which the United
States runs the canal.

Efforts by the committee to
set up U.S.-Panama negotia-
tions after rioting Jan. 9 on the
Canal Zone border collapsed
over U.S. refusal to agree in
advance to Panamanian de-
mands that the talks include re-
negotiation of the treaty.

A committee of the Organi-
zation of American States is now
looking into Panamanian charges
that the United States was an
aggressor. The committee is
seeking a basis for new U.S.-
Panama talks.

"There is no difference in the
attitude of the U.S. government
today toward treaty revision
and that which existed in June
1962," the State Department
said.

"A memorandum being circu-
lated by Latin American sources
never constituted agreement
of any kind," it said. "It is sim-
ply a memorandum of conversa-
tion describing certain condi-
tions which might entail treaty
revision."

Arturo Morgan Morales said
the agreement was signed
shortly after talks in Washing-
ton between President Kennedy
and Panamanian President Ro-
berto Chiari. As presented by
Morales, the memorandum said
the two presidents had agreed
to appoint high-level representa-
tives to discuss mutual prob-
lems including the treaty.

Japan-Soviet Pact OK'd

TOKYO (AP)—Japan and the
Soviet Union today signed an
agreement calling for \$142 mil-
lion in Japanese exports to the
Soviet Union and the sale of
130 million in Soviet goods to
Japan.

Slippery Roads Cause Seven Crashes; One Seriously Hurt

Harry Plumber of Bucyrus
was reported in "critical" con-
dition today in Mercy Hospital,
Columbus, where he was taken
following an accident yesterday
just north of Darbyville.

The accident was one in a
series of seven investigated
by the Pickaway County Sher-
iff's Department. Slippery
road conditions caused by
snow were blamed.

Plumber was apparently trav-
eling northwest on the Circle-
ville London-Northern Road
when he lost control of his car
on a curve, according to Deputy
Gene Kerns, investigating offi-
cer. Plumber sustained severe
head injuries.

Kerns also investigated four
other accidents, although none
of the persons involved was in-
jured. All occurred on Route 23
near the Chesapeake and Ohio
Railroad bridge.

At 5:38 p. m. yesterday, Reva
Jeanne Legg, 18, Columbus,
started to change lanes to pass.
At the same time, another car
was passing her. Kerns said
she swerved to avoid a collision,
lost control and her car struck
the guard rail.

ABOUT four hours later,
three separate accidents occur-
red almost simultaneously.

Kerns said Mrs. Mary Cline
Crawley, 42, of 430 S. Washing-
ton St., lost control of her car
on the overpass and the auto
struck the side of the bridge.

Edwin Bach Jr., 44, of 369 E.
Franklin St., and Harry J.
Coulson, Columbus, lost control
of their cars as they tried to
slow down. Their vehicles also
struck the bridge.

No citations were issued by
the sheriff's department.

Two autos driven by Donald

Truck, Expensive Cargo Missing

WHEELING, W. Va. (AP) —
Police have launched a three-
state search for a big flatbed
truck loaded with \$50,000 worth
of brass ingots.

The truck was reported miss-
ing Sunday from a parking lot
in Wheeling. Driver Patrick J.
Duffield of Woodbridge, N. J.,
said he had left the vehicle
locked up about 12 hours before
he discovered it was gone.

The truck was on a trip from
Gerber Plumbing Co., in Wood-
bridge to another Gerber plant
in Delphi, Ind.

West Virginia alerted authori-
ties in Ohio and Pennsylvania
to watch for the truck.

L. Sanford, 21, Chillicothe,
and Gary Martin, 16, Kings-
ton, collided on Route 22 just
west of Circleville at 6:18
p. m.

Martin was admitted to Ber-
ger Hospital for treatment of a
broken left arm and abrasions.
Also injured was Christine
Burkirk, a passenger in the
auto driven by Sanford. She
was treated and released from
Berger Hospital.

Deputy Kerns said Martin
was apparently left of center
and skidding out of control
when the collision occurred.

Russell Carter, 111 Highland
Ave., lost control of his car
three miles south of Circleville
on the Kingston Pike. He was
not injured.

Soviet Aide Asks Asylum In America

WASHINGTON (AP) — The
State Department said today
that Yuri I. Nosenko, 36-year-
old officer of the KGB, to Soviet
security agency, has request-
ed political asylum in the United
States.

Nosenko disappeared from
Soviet circles at Geneva last
week. Soviet officials, notifying
the Swiss authorities, indicated
he was a member of the Russian
disarmament conference.

Dispatches from Geneva said
his disappearance had appar-
ently created considerable con-
cern at Soviet headquarters.

"We do not believe he has
met with an accident," a Soviet
source was quoted as saying.
"It is beginning to look as
though he may have defected."

State Department press offi-
cer Richard I. Phillips gave
little information to clear up the
question of why Nosenko de-
cided to request asylum in the
United States.

Phillips said that according to
Nosenko's own statements "he
is a staff officer of the KGB and
until Feb. 4 (the date of his
disappearance) he was assigned
to Geneva on temporary duty
from KGB headquarters in Mos-
cow."

17 Miners Are Killed

TAIPEI, Formosa (AP)—All
17 workmen trapped by an ex-
plosion Sunday at the Shui
Kang coal mine near the port
of Keelung were killed.

Johnson Sounds Call For OK of Medicare

'New Evidence' Given Probers

Oswald's Mother
Heard by Panel

WASHINGTON (AP) — Mrs.
Marguerite Oswald took "new
evidence" before the Warren
commission today which she
says will prove that her son,
Lee Harvey Oswald, did not
fire the shots that killed John
F. Kennedy.

The 56 year - old practical
nurse, who asked for a chance
to appear before the presiden-
tial tribunal investigating the
Kennedy assassination, is ex-
pected to contradict testimony
made last week by Oswald's 22-
year-old widow.

Marina Oswald told the com-
mission, and later a news con-
ference, that she did not like
to believe that her husband killed
President Kennedy Nov. 22 in
Dallas, but the facts would not
permit her to reach any other
conclusion.

Sessions of the commission,
headed by Chief Justice Earl
Warren, are closed, but Mrs.
Marguerite Oswald told report-
ers Sunday night:

"I think my son is innocent,
and I think I can produce evi-
dence that he is innocent. I
have documents, letters and
other evidence. I think I can
present a good case."

She said she has evidence
which has not been brought out
previously in the complex prob-
e of the assassination, but re-
fused to explain just what it
would show.

Mrs. Oswald said she has
been without work since the as-
sassination, but had received
\$900 in gifts from persons who
had written her.

"I've had 1,500 letters pro-
testing the way my son was
tried in a few hours and convict-
ed," Mrs. Oswald said.

Oswald was shot down two
days after Kennedy's death by
Dallas night club operator Jack
Ruby.

Soviet Chiefs Again Study Crop Problem

MOSCOW (AP) — Threatened
with another bad crop year,
Premier Khrushchev today
opened a second special winter
meeting of the Communist par-
ty Central Committee to discuss
farm problems.

The Communist party organ,
Pravda, said the Kremlin meet-
ing will work out measures for
increasing farm production by
the use of more chemical fertil-
izers, more mechanization and
the application of scientific
principles.

The Central committee's
membership is about 330, but
hundreds of agricultural experts
and political watchdogs also are
attending.

Western newsmen are barred
from the meeting.

The meeting is a continuation
of the Dec. 9 plenum. That one
dealt primarily with plans to
build a chemical fertilizer in-
dustry, which Khrushchev hopes
will boost agricultural produc-
tion.

Much of the Soviet Union has
been in the grip of a hard win-
ter. It may cause another har-
vest disaster.

Tragedy Ends Girl's Aviation Enthusiasm

NORTH AMITYVILLE, N.Y.
(AP) — It was an exhilarating
ride for Nancy Thompson, 16,
flying in a small plane.

When the pilot, George E.
Martin, 45, a New York City de-
tective, landed the two-seater
piper cub Sunday at Zahn's
Airport near this Long Island
community, Nancy couldn't
wait to tell her schoolmate,
Martin's daughter, Judy, 16, all
about the ride.

Nancy, of nearby Wantagh,
leaped from the craft and ran
straight into the spinning pro-
peller. It killed her instantly.

Tax Relief Bill Conference Due

WASHINGTON (AP) — The
tax cut bill which will save tax-
payers more than \$11 billion
yearly moves at full speed to-
day to a House-Senate confer-
ence and could be signed into
law within three weeks.

The final leg of the bill's long
Capitol Hill journey starts when
conferees representing the Sen-
ate and House huddle to consid-
er more than 150 differences in
the tax cut versions passed by
the two branches.

Although the Senate and
House are \$500 million apart on
over-all reductions, most of
their differences are considered
minor.

Not in controversy are the
cuts for individual and corpo-
rate taxpayers.

Taxpayers subject to with-
holding deductions will have an
estimated \$800 million more in
their pay envelopes every
month.

The extra money for 80 mil-
lion individuals and 550,000 busi-
ness taxpayers is expected by
the administration to give the
national economy a shot in the
arm to inoculate it against a
business slump.

The Senate passed the bill
Friday ahead of schedule. Its
version called for an \$11.6 bil-
lion reduction.

The House measure passed
Sept. 25 provided for cuts of
about \$11.1 billion.

Most reductions in both plans
would be effective retroactively
to Jan. 1 of this year.

Somewhere between the two
figures, the conferees hope to
reach agreement before Feb.
22, which would leave the Sen-
ate and the House six working
days to consider the compro-
mise and send it to the Presi-
dent before March 1.

The President wants quicker
action. He would like to have
the lower withholding rates go
into effect as soon as possible.

The bookkeeping machinery to
do this takes an estimated two
weeks or more to get into high
gear.

Wages and salaries are now
subject to 18 per cent withhold-
ing rates. The House voted to

Boa Constrictor Is Back in Cage

ALIQUIPPA, Pa. (AP)—Ali-
quippa's roving boa constrictor
was back in its cage today.

Pet shop owner Clarence Min-
eard said he found the six-foot
snake Sunday right where he
expected to—in the basement
of the pet shop.

The "baby" boa escaped from
its cage Thursday. A fairly in-
tensive search in the shop failed
to turn up the snake.

Miner said the snake posed
little danger because it is too
young to have much crushing
strength. Boas are not poison-
ous.

Whites Boycott School; 'Bomb' Closes Another

By REX THOMAS

TUSKEGEE, Ala. (AP)—The
entire white student body boy-
cotted Nottulsa High School in
the face of impending desegre-
gation today while at nearby
Shorter, the integrated high
school was closed because of a
bomb threat.

Only six white pupils out of
a student body of about 125
showed up at Shorter, where a
spreading boycott also gained
rapid momentum.

The school was closed for the
day after a telephoned bomb
threat, but there was no disor-
der. Six Negroes have attend-
ed Shorter High since last
Wednesday.

None of the six Negro pupils
assigned by a federal court to
Nottulsa High made an at-
tempt to enter the school when
it reopened today after a two-
day shutdown resulting from a
fire.

Only one white pupil came to
school at Nottulsa High and he
left immediately when he

drop this to 15 per cent for this
year and 14 per cent starting
next Jan. 1. The Senate, at the
President's prodding, voted to
drop the rate to 14 per cent im-
mediately to put more spending
money into workers' pockets.

The Senate and House voted
to cut individual rates from
their present 20 to 91 per cent
range to 14 to 70 per cent. Two-
thirds of the reduction would
become effective this year and
one-third next year.

Both branches voted to re-
duce existing corporate rates
from 52 per cent to 30 per cent
this year and to 48 per cent
next year.

3 Escapees Are Accused Of Burglary

CINCINNATI (AP)—Five of
eight escapees from the city's
century-old workhouse remained
at large today.

The prisoners sawed their way
through a bar on a cell window
just before noon Saturday and
jumped down to the street.
Three of them were later re-
captured at Manchester, a
small river town 70 miles east
of here.

Wilbur Guthrie Jr., 33, of
Manchester and Edward Dar-
nell, 19, of New Richmond were
captured Saturday night when
they broke into a store to get
winter clothing. Robert Mont-
gomery, 22, of Cincinnati
was discovered hiding in the
store and arrested Sunday.

All three were taken to the
Adams County Jail at West Un-
ion. They told authorities they
hitchhiked to Manchester.

Authorities said additional
charges against the trio prob-
ably would be filed today.

Still at large were Larry Mar-
shall, 23, of Lebanon; Ken Is-
bell, 24, of Middletown; James
Gilbert, 25, of Pineville, Ky.;
Robert Elkins, 25, of Sunman,
Ind., and Wayne Johnson, 22, of
Cincinnati.

All eight had been serving
sentences for offenses ranging
from assault and battery to car
theft, petit larceny and contempt
of court.

3,000 Indonesians Flee Roaring Volcano

JAKARTA, Indonesia (AP)—
About 3,000 persons have been
removed from Paloe Island in
the Lesser Sundas following in-
creased activity of Roketenda
volcano, Antara news agency
reported today.

The refugees were taken to
nearby Flores Island. Dense
clouds of smoke have poured
continuously from the volcano
since it erupted last month.

Florida Eyes Rail Sabotage

MIAMI, Fla. (AP) — Investi-
gators sought today to track
down saboteurs who dynamited
a 91-car freight train and a
work train derrick of the strike-
harassed Florida East Coast
Railway.

No one was injured in the
blasts Sunday—10 miles apart—
which caused damage estimat-
ed by W.L. Thornton, the car-
rier's chief operating officer, at
more than \$250,000.

"It was definitely sabotage,"
Thornton said. "I am not imply-
ing the unions are to blame. No
one knows at this time who did
this."

The sabotage was the worst
directed against the 577-mile
railroad, which operates be-
tween Jacksonville and Florida
City, south of Miami, since the
nonoperating unions struck Jan.
23, 1963. Railroad officials said
there have been 146 incidents.

Johnston also called for great-
er federal help for nursing
homes and hospitals for those
chronically ill.

The white boycott developed
over the weekend. The pupils
decided to transfer to other
schools rather than go to class
with the Negroes.

WASHINGTON (AP) — Presi-
dent Johnson, declaring that
Americans need, want and can
afford "the best of health,"
urged Congress today to vote
medical insurance for the aged this
year.

In a special message to Con-
gress on health problems, John-
son also announced he is creat-
ing a Commission on Heart Dis-
ease, Cancer and Strokes to find
ways by the end of this year to
reduce the hazards of these dis-
eases by developing new knowl-
edge and better using existing
knowledge.

The first item in the lengthy
presidential message was hospi-
tal insurance for the aged — a
controversial program that has
been before Congress for at
least four years.

Spelling out the principal
goals of his proposal, Johnson
recommended that the insur-
ance program be financed in
part by increasing the annual
earnings subject to Social Se-
curity taxes from \$4,800 to
\$5,200.

Thus all workers covered by
Social Security and earning
more than \$4,800 would pay
more in taxes to finance the
system.

Johnson said insurance ben-
efits should be available to every-
one who reaches 65. If the work-
er is not covered by the Social
Security program, he said, the
cost of insurance should be paid
for out of appropriations.

In addition to raising the So-
cial Security tax base and pro-
viding for appropriations for
non-Social Security cases, John-
son asked Congress to increase
the Social Security tax rate by
one-quarter of one per cent for
both workers and their em-
ployers.

This, he said, would insure
that the medical insurance
would be "soundly funded."

Guild Contributions Listed As Plans Readied for Show

Just as little drops of water eventually accumulate to form a mighty ocean — so the combined and organized efforts of the Berger Hospital Guilds have contributed in excess of \$37,500.00 in equipment for hospital use in the past 14 years.

This does not include all the services, countless hours and donated items — for example, 300 glasses of jelly and jam, given by women of the guilds. In their newest effort, "High Fever Follies," to be presented March 20-21, the guilds have undertaken their most ambitious project to date. They hope to initiate a good show and to provide a project the entire

community will feel free to join. All Pickaway County adults are invited to take part. Further plans and announcements will be made later concerning the show.

Proceeds will be used to furnish regular patient rooms after the new maternity wing is completed.

EVERYONE using Berger's facilities has probably benefited by these gifts, according to Guild spokesmen. Announcements have been made concerning the various donations, but when the entire list is compiled from Guild records it is most impressive, they add.

Starting in 1950 these gifts have included a refrigerator for serum and blood supplies, suction machine, 300 glasses of jelly and jam, furnished two-bed room in new wing, maternity table and obstetric equipment, two ice makers, four dozen chairs for guild rooms, Christmas lights, 41 water pitchers and one stretcher.

Other individual guild gifts include air conditioners, subscriptions to newspapers and magazines, dishes, linens, other room furnishings, delivery room table, incubator, numerous beds, wheelchairs, all types of orthopedic surgical and obstetrical instruments, much kitchen equipment, tray favors, a flower in every room on Easter and other holidays.

Electric cauter, electric fans, draperies, file cabinets, microscope and numerous other small items, which add both to patient comfort and hospital efficiency.

In addition to these, several of the Guilds offer their services for mending, sewing, bandage wrapping, Christmas flowers and gift shop volunteers.

All of these items come to a total of approximately \$24,000, not including donated time and services, given from the individual guilds.

THE General Guild is the policy forming and governing body of all the guilds, to which each individual unit sends a representative. Since 1960 their gifts have included a delivery room solution stand at \$135 and youth bed and mattress at \$204.25; 1960-1961, incubator for lab, \$250; recovery labor bed, \$485; spectrophotometer for lab, \$897.60; and blood bank refrigerator, \$700; 1962, ether and suction pump, \$258; six pairs unlined drapes, \$98.16; dish-washer and tray slide, \$1,433; and 1963, isolette, lift aid and surgi-lift at \$1,990, for a total of \$6,551.61.

Added to these gifts is a certificate of deposit for \$5,000, plus the annual \$2,000 for 1963-64, which is yet to be given.

Grand total of these donations is \$37,551.61.

Heart Fund Committee Heads Named

Twenty - three residents of Pickaway County will serve as chairmen of working committees of the 1964 Heart Fund drive here, Jack E. Linton, chairman of the annual campaign, announced today.

The Heart Fund Drive, conducted locally by the Pickaway County Heart Assn., began Feb. 1 and will continue through Feb. 29. The drive will reach its high point the weekend of Heart Sunday, Feb. 23. The campaign slogan is "More will live the more you give."

The following will serve as committee chairmen:

Mrs. Thaddeus Cromley, Route 2, rural chairman; Mrs. Edwin Eaton, 224 Lewis Road, Circleville chairman; Mrs. Linda Evans, Perry Twp., chairman; Mrs. Howard Russell, New Holland; Mrs. Daniel Boone, Madison Twp.; Mrs. Joseph Peters, Walnut Twp.; Mrs. Ray Swoyer, Harrison Thompson, Washington Twp.; Twp.; Mr. and Mrs. Harold Mrs. Dwight Radcliff, Circleville Twp.; Mr. and Mrs. Wayne Luckhart, Salter Creek Twp.; Barbara and Beverly McKenzie, Pickaway Twp.; Mrs. Orlan Hines, Ashville; Mrs. Phillip Roby, South Bloomfield; Mrs. Gail Linton, Jackson Twp.; and Mrs. Charles Picklesimer, Deer Creek Twp.

The following are Circleville neighborhood captains: Mrs. Jo Robson, 225 Lewis Road; Road; Mrs. Francis Woods, Elsiea Trailer Court; Mrs. Madeline Sanders, 1027 Georgia Road; Mrs. Rudolph Chelicksky, 160 Montclair Ave.; Mrs. Joanne Richardson, 366 E. A Drive; Miss Billie Bowers, 523 S. Court St.; Mrs. Graciele Kuhn, 448 Stella Ave.; Mrs. Monty White, 137 Pleasant St.; Mrs. Nancy Easter, 143 Griner Ave.; Mrs. Eloise Ford, 521 S. Court St.; Mrs. Martha Hoover, Franklin St.; and Robert Barnhart, Walnut St.

12 Traffic Offenders on Court Docket

Circleville Municipal Court completed traffic docket for the weekend listed 12 motorists, all cited by the State Highway Patrol for various traffic infractions.

Signing waivers of court hearings and paying fines levied were:

Sidney W. Amburgey, 20, Cleveland; \$10 and costs for speeding 60 miles per hour in a 50 mile zone.

James Mansfield, 21, Columbus; \$15 and costs for speeding 65 miles per hour in a 50 mile zone.

Clyde E. Kinnison Jr., 18, Columbus; \$25 and costs for operating an unsafe motor vehicle.

Russell Fletcher, 25, Chillicothe; \$15 and costs for speeding 65 miles per hour in a 50 mile zone.

Charles W. Mowbray, 30, Columbus; \$20 and costs for speeding 70 miles per hour in a 50 mile zone.

Cletus Lester, 21, Cleveland; \$10 and costs for speeding 70 miles per hour in a 60 mile zone.

Bronston Hamm, 56, Soldier, Ky.; \$15 and costs for changing lanes without caution.

David Lovett, 26, Columbus; \$20 and costs for speeding 70 miles per hour in a 50 mile zone.

Willard Mills, 27, Strongsville; \$15 and costs for speeding 75 miles per hour in a 50 mile zone.

Russell McDermott, 22, Wooster; \$10 and costs for speeding 70 miles per hour in a 60 mile zone.

Richard Dawson, 29, of 319 Long St.; \$15 and costs for driving left of center.

Gerald Lee Boyd, 24, Wickliffe forfeited a \$24 bond posted for speeding 75 miles per hour in a 60 mile zone.

Pipe Leak Checked

Firemen were called Saturday evening to the home of Robert Wilson, 1060 Sunshine St., to investigate a gas leak on a kitchen range pipe. No loss resulted.

News of World in Brief

COLUMBUS, Ohio (AP)—Secretary of State Ted W. Brown said today that Raymond W. Beringer, 34, of Toledo failed to qualify as a candidate for the Democratic U. S. senatorial nomination in the May 5 primary election.

Brown's announcement followed a check of Beringer's petitions by election boards in counties where signatures were obtained.

The secretary of state said Beringer, a service station operator, executed his declaration of candidacy last Jan. 17 although signatures on petitions were obtained in 1963. Statute requires execution of a declaration in advance of the circulation of petitions, Brown explained.

SOUTH BEND, Ind. (AP)—Astronaut-turned-politician John H. Glenn Jr. will receive the annual patriotism award of the senior class at the University of Notre Dame, it was announced today.

Glenn, the first American spaceman to orbit the earth, will receive the award Monday night, Feb. 24, at the university's annual Washington's Birthday convocation. Glenn is leaving the Marine Corps to seek the Democratic nomination for U. S. Senator in Ohio.

Adlai Stevenson, U. S. ambassador to the United Nations, received the award last year.

COLUMBUS, Ohio (AP)—The Ohio Liquor Control Commission has suspended for 14 days the liquor license of Ronald C. Rawlins, brother-in-law of Gov. James A. Rhodes.

The suspension, for Don's Inn, on Columbus' East Side, is effective Feb. 26.

Rawlins pleaded guilty to a charge that his bartender had been convicted in Columbus Municipal Court for selling high-powered beer to a minor. Don's Inn has both night club and carryout permits.

WASHINGTON (AP)—Mrs. Lyndon B. Johnson is ill in bed with 24-hour virus, the White House said today.

Several events she had scheduled at the White House today will be held as planned with her daughter, Lynda Bird, 19, as hostess.

VALLEY STREAM, N.Y. (AP)—For six weeks, Frank O'Neill had walked miles each day in search of his mentally retarded son, James, 23, who disappeared two days after Christmas. O'Neill distributed more than a thousand posters bearing his son's picture.

"I just can't give up," he said a month ago. "He might just be wandering around. Or he might have been hurt and is in a hospital."

Sunday, two 13-year-old boys fishing in Mill Creek, near the O'Neill home in this Long Island village, snagged their lines on the body of young O'Neill.

Police said he apparently fell into the creek while taking a walk the day he disappeared.

PANAMA (AP)—A renewed pledge to press Panama's charges of U.S. aggression before the United Nations if the Organization of American States fails to act was delivered to more than 2,000 anti-American demonstrators Sunday night.

Max Arosemena, ranking cabinet minister, made the promise to a rally organized by the Panamanian Students Federation.

The demonstrators gathered at the Presidential Palace and heard Arosemena, then marched into downtown Panama and stoned a Cuban exile headquarters building. Speakers denounced the exiles as "worms supporting North American imperialism."

INNSBRUCK, Austria (AP)—Thirteen sports fans from Eastern European Communist countries and one East German woman Olympics competitor have defected, authorities reported today.

West German sources identified the Olympics competitor as Ute Gaeher, a 23-year-old secretary who was a substitute on the East German women's toboggan team. West German informants said she slipped out of her billet Saturday night while the rest of her team was attending a reception and made for the West German border 25 miles away.

Innsbruck police said seven Hungarians, five Czechs and an East German doctor who came here to attend the Winter Olympics events had asked asylum in Austria.

PALERMO, Sicily (AP)—Mafia chief Petro Torretta, wanted for more than a dozen murders, including the booby-trapping of a car that killed seven policemen June 30, was trapped in bed.

Police said the 52-year-old gangster was armed but that national police and soldiers moved so fast into his apartment on the edge of Palermo Saturday night that he could not fire.

The government began a crackdown on the secret crime gang last summer.

SANTA MONICA, Calif. (AP)—A large, benign polyp has been removed from the back of Jack Benny's nasal passage.

Benny's surgeon, Dr. Richard T. Barton, said after Sunday's operation that the comedian's condition was good. Benny will be 70 next Friday.

Dr. Barton said the polyp, an inch in diameter, was obstructing his breathing and bothering his speech.

NEW HAVEN, Conn. (AP)—Prof. Frederick C. Barghoorn says his arrest by the Soviet Union as a spy last year may have been the result of Communist worry about skepticism among Russian intellectuals and students.

In the preface of his new book, "Soviet Foreign Propaganda," which went on sale today, Barghoorn speculated about causes of his arrest. He was detained 16 days in prison before protests by the late President Kennedy led to his release.

Probate Court Clerk Scheduled to Serve in Double Capacity

Probate-Juvenile Judge Guy Cline said today that an immediate replacement of Mrs. Ruth E. Neff, juvenile officer, would not be named because the department's budget cannot afford it.

Mrs. Neff announced her resignation of the post Saturday. "Too little compensation for the amount of hours and work required," was given as the reason for submitting her resignation. She was receiving \$285 per month.

Judge Cline said today, "since Pickaway County's Board of Commissioners cut the courts' appropriations \$6,000 I won't be able to replace Mrs. Neff until the end of the year."

He said he planned to assign the juvenile officer's duties to Mrs. Jessica Wood, a deputy clerk in Probate Court. The judge said Mrs. Wood will be compensated about \$10-\$15 extra per month for performing the additional duties.

JUDGE CLINE indicated that all efforts will be made to "get by under the proposed plan" until next year. At that time, if enough funds aren't appropriated by the commission, he said he will be forced to file a writ of mandamus demanding more funds.

Mrs. Neff's last day on the county payroll will be Saturday. She will begin work on Monday as receptionist for Dr. Robert McCoy, 125 N. Pickaway St.

Juvenile Post Will Remain Vacant Here

Two Youngsters Are Treated Here

Anna M. Hurst, 3, daughter of Mr. and Mrs. Charles Hurst, 118½ W. Main St., received emergency aid in Berger Hospital during the weekend after she burned her right arm on a stove.

Also treated was Lorian Lagore, 2, daughter of Mr. and Mrs. Paul Lagore, 223 Second Ave. She lacerated the back of her head on a swing set.

Both were released.

NEARLY \$1 Million Given for JFK Library

BOSTON (AP)—Nearly \$1 million has been contributed to the proposed John F. Kennedy Memorial Library.

The Merchants National Bank, which is receiving donations, said the total reached \$979,215 last weekend.

The \$10 million library will house the assassinated President's papers and correspondence. It will be built adjacent to the Harvard Business school.

The bank said the contributions range from \$250,000 from a charitable fund to 11 cents.

Deaths and Funerals

MR. ROBERT L. ORR
Mr. Robert Leroy Orr, 131 Fairview Ave., died 5:30 a. m. today at his residence of an apparent heart attack.

Arrangements are being completed by the Defenbaugh Funeral Home.

MRS. NETTIE WHITTEN
Mrs. Nettie Whitten, 79, Williamsport, died 8 p. m. Saturday in Kearns Nursing Home, 461 N. Court St., where she had been a patient for one week.

She was born April 22, 1884, in Pickaway County the daughter of John and Lavina Thorne Redman. She was the widow of Ralph Whitten.

Mrs. Whitten lived most of her life in the Williamsport community.

Surviving are one daughter, Mrs. Elizabeth Drake, Laurelville; one son, Arthur Whitten, Williamsport; four grandchildren; two great-grandchildren; two sisters, Mrs. Emma Coontz, Commercial Point; Mrs. Harry Phillips, Circleville; one brother, Jesse Redman, Columbus.

Services will be 1:30 p. m. tomorrow in the Kirkpatrick Funeral Home, New Holland with the Rev. William Powers officiating. Burial will be in Darbyville Cemetery.

Friends may call at the funeral home.

MR. CHARLES GRAHAM
Mr. Charles Graham, 74, 164 Hayward Ave., died 5 p. m. yesterday at the home of his daughter in Chillicothe.

He was a grounds foreman at Forest Cemetery for 50 years until his retirement two years ago.

Mr. Graham was born May 4, 1889, in Vinton County, the son of William and Lillian Botkin Graham.

Surviving are two sons, John, 164 Hayward Ave.; Charles, 306 Northridge Road; three daughters, Mrs. Dorothy Hoffman, 170 Hayward Ave.; Mrs. Mary Peters, Chillicothe; Mrs. Okel Dancy, Ft. Lauderdale, Fla.; 16 grandchildren; 17 great-grandchildren; two brothers, Lawrence, Walnut Twp.; Allen, Lancaster.

Services will be 2 p. m. Wednesday in the Pilgrim Holiness Church with the Rev. Alonzo Hill officiating. Burial will be in Forest Cemetery.

Friends may call at the Defenbaugh Funeral Home beginning 1 p. m. tomorrow until noon Wednesday, then at the church.

INFANT HASTINGS
Shayne R. Hastings, 2-month-old son of Mr. and Mrs. Robert Hastings, Route 2, Williamsport, died 4:30 a. m. yesterday in Children's Hospital, Columbus.

He was born Nov. 22, 1963, in Circleville.

Surviving are his parents; one brother, George; two sisters, Kimberly and Cynthia; paternal grandmother Mrs. Viva Hastings, Williamsport; maternal grandfather, Roy Wright, Williamsport.

Services were held 1 p. m. today at the Kirkpatrick Funeral Home, New Holland, with the Rev. William Powers officiating. Burial was in Springlawn Cemetery, Williamsport.

What Does a Candidate Need To Be Elected as U.S. President?

By ARTHUR EDSON
WASHINGTON (AP)—If you listen to the experts, it looks as if no one can win a Republican presidential nomination.

They raise such questions as: Sen. Barry Goldwater comes from too small a state—Arizona has only five electoral votes compared with New York's 43—and, although he is an Episcopalian, he has a Jewish background that might handicap him in a tight race.

Gov. Nelson A. Rockefeller of New York has had that divorce, which is bad, and he married a young divorcee, which is terrible.

Former Vice President Richard M. Nixon can't escape the sour smell of defeat.

Among other handicaps, real or imaginary, Gov. William W. Scranton of Pennsylvania, Gov. George W. Romney of Michigan and Sen. Thruston B. Morton of Kentucky aren't well known. And politicians, like cigarettes or hair oil, need national advertising if they are to sell.

For that matter, from the expert's viewpoint, President

Johnson isn't so well off either—too liberal for conservatives, too conservative for liberals.

And for all his efforts to pass as a Southerner — "Why, El Paso is farther west than Denver"—politically he is still from the South, and the South since the Civil War has been a graveyard for presidential hopes.

We are now, in our own curious way, choosing presidential candidates. What do we look for? What do we avoid? In this country, we like to say, every child has a chance to grow up to be president. But it simply isn't so, right now.

For this job only white men need apply. Negroes, Orientals and women of whatever race, color or creed are barred by custom strongly fortified by prejudice.

All under 35, and those born in other countries, are blocked by the Constitution.

Some 140 million of the nation's 190 million population are eliminated by these obstacles before we start, and the list of eligibles keeps shrinking drastically.

Sidney Hyman, in his study "The American President" decided no more than 100 can pass the complex, almost mystical qualifications.

What, then, do we want? Ideally, the candidate should be good-looking, capable of oozing charm even before the pitiless lights of television.

Every candidate should have a wife — James Buchanan was the only bachelor — and she should be a homebody who is still able to mix easily with the international set.

Children, particularly when small, are assets, but one need not become as dedicated as John Tyler. He had 15.

Although every study shows that as a nation we proclaim a rather strict sex code in public, and violate it in private, we unite on this: We tolerate no hanky-panky with our chief executives.

With a few distressing exceptions, the White House has been remarkably free of scandal even though rumors are forever swirling.

A presidential hopeful should be in, or have held, high office. Wendell Willkie is the only modern candidate who had had neither civilian nor military rank. We brag that we're a peace-loving nation, but some military experience is highly desirable. Only 12 presidents have had none whatever. And, from Washington to Eisenhower, successful generals have had political allure.

Any candidate must have the eager spring of a ballet dancer, the restless energy of a tiger, the endurance of a marathon runner, with physical stamina beyond ordinary mortals.

Our candidates should come from an Anglo-Saxon or north-west European family. Recent immigrants — Italians, Poles, Greeks—need not apply.

Until John F. Kennedy proved by the thinnest of margins, that a Roman Catholic could win the presidency, the word "Protestant" was trotted out as a must for those who sought the White House.

There is the age factor, too. Be ripe, but not too ripe.

Although these standards sound inflexible, they erode slowly as our national self-interests and our prejudices change.

Traditionally, any man wanting to be president needed a farm or small town background, to souse the campaign with hayseed nostalgia.

Kennedy not only destroyed the belief that no Catholic could become president; he also proved that the city slicker has come of age politically.

Time has worn away other beliefs, too.

Beginning with Washington many presidents have been rich, but Abraham Lincoln's long struggle upward seemed more appropriate for democracy.

Now, with costs soaring astronomically, a man must have money, or easy access to it, if he is to arrive at the convention with any sizable supply of votes.

Curiously, these stringent rules for the presidency are often tossed aside when a vice president is being chosen.

Because the job has been given so often to a party hack or wheelhorse, the age of vice presidential candidates has averaged five years older than that of the men who headed the ticket. Since 1896 a dozen vice-presidential selections have been 60 or over.

Which brings us to a vital point, and a distressing one just now to Republicans: Nothing gives a man presidential stature like a stint in the White House.

Teddy Roosevelt, Calvin Coolidge and Harry Truman stepped up from the vice presidency and then won a four-year term on their own.

Before the conventions in 1960 almost every democratic leader would give a long list of reasons why Lyndon Johnson shouldn't be president.

Some of these objections are as valid as they ever were, except for this vital difference: LBJ is in the White House now. And, barring a disaster, he's a cinch for the Democratic nomination.

X15 Is Pegged For 5450 MpH.

EDWARDS AIR FORCE BASE, Calif. (AP)—It doesn't look like an X15 anymore. It doesn't even look like an airplane.

But, man, will it go!

That's the word from a preview of the X15-2 rocket plane which soon will begin trying for speeds up to 5,450 miles an hour—or 8,000 feet a second.

The rebuilt X15 has two external tanks carrying an additional 13,500 pounds of propellants. The tanks extend half the length of the 52-foot fuselage and make it look like some weird water bug.

For the first time since X15s

started flying in 1959, this one will be decked out, for record flights, in a coat of bright white instead of the traditional black.

The white is a sealer sprayed over a coating of heat-resistant material similar to that used on missile warheads. The material will be sprayed over the entire surface before each record flight in thicknesses varying from three-quarters of an inch on the nose and leading edges of wing and tail to a tenth of an inch on the aft fuselage.

E. W. Johnson, X15 engineer at North American Aviation, Inc., in Los Angeles, says the heat resistant chemical compound will slough off from air friction at 530 degrees Fahrenheit, dissipating the heat before it can sink into the plane and weaken its structure.

Standard X15s have withstood skin temperatures of 1,300 degrees at speeds up to the current record of 4,104 m.p.h.

"Without the heat-resistant ablative coating," Johnson says, "the new X15 at 8,000 feet per second would heat up to about 2,400 degrees."

The white coating will not be used on all flights of the X15A-2, only on speed runs at the comparatively low altitude of 100,000 feet, Johnson says.

It won't be needed on purely scientific flights, when the rocket plane will be used as a space truck to carry a star camera to 250,000 feet, well above the atmosphere.

Johnson says the X15A-2 had not been designed to exceed the standard X15's altitude record of 354,200 feet but could if such a mission were required by the National Aeronautics and Space Administration, which conducts the X15 research program with the Air Force.

Primary mission of the X15A-2, modified during repair after a crash landing a year ago, will be high-speed level flight to test ramjet engines, he says.

Plans call for the X15A-2 to be delivered here this month, Johnson says, and it will undergo several test flights before attempting new speed records. Meantime the other two X15s will continue making high-altitude flights to test procedures for re-entering the atmosphere safely from space at high speed.

TODAY In History

By THE ASSOCIATED PRESS

Today is Monday, Feb. 10, the 41st day of 1964. There are 325 days left in the year.

Today's highlight in history:

On this date in 1763, the Treaty of Paris was signed at the close of the French and Indian War. France ceded Canada to England under terms of the pact.

On this date:

In 1846, the Mormons began their exodus from Nauvoo, Illinois.

In 1855, Congress granted rights of U.S. citizenship to citizens' children born in a foreign country.

In 1937, the House of Representatives approved the Sumners Bill permitting Supreme Court justices to retire with full pay at the age of 70.

In 1939, the Japanese occupied Hainan Island off the southern coast of China.

In 1947, the Supreme Court upheld the Hatch Act banning political activity by federal employees and by state employees paid with federal funds.

Ten years ago — The Eisenhower administration announced a policy of banning cash sales of government-owned surplus farm products to Russia and its satellites.

Five years ago — The U.S. government raised the possibility that the Soviet Union sometimes used false radio signals to lure American military pilots off course and into Communist territory.

One year ago—The Russian Communist party expressed readiness to meet Chinese Communist party officials at any level any time to discuss ideological differences.

Mother, Baby Die In Murder-Suicide

DAYTON, Ohio (AP) — A mother apparently fired the rifle that killed herself and here 2-year-old son Sunday, authorities say. The victims were Mrs. Teda Clark, 32, and Robert Clark, found in the living room of their home just north of here.

Ohio State To Honor Canton Dairy Leader

COLUMBUS, Ohio (AP)—Edgar L. Cavitt of Canton has been selected to receive the certificate of appreciation awarded annually by Ohio State University's Department of Dairy Technology.

Cavitt, secretary of the Stark County Dairy Products Association since 1941, will be presented the award at the annual Dairy Industry Conference banquet here Wednesday night. He is being recognized for his many years of service to Ohio's dairy industry and his leadership and interest in recruiting students for dairy careers.

WINS "NOBEL PRIZE OF DOGDOM"—A part beagle dog with high blood pressure, Fatso has been awarded the "Nobel Prize of Dogdom" for being the research dog hero of 1963. Fatso helps scientists develop new drugs to control his condition, and was selected from nine finalists by the board of directors of the National Society for Medical Research. Fatso is owned by the department of pharmacology at the Abbott Laboratories in Chicago.

Steel Mills' Shipping Lags Incoming Orders Exceed Deliveries

CLEVELAND (AP) — Steel production is about 13.5 per cent ahead of last year with orders coming in faster than shipments are going out, Steel magazine reported today.

Shipments are running about 12 per cent ahead of last year and some of the nation's steel mills are starting to extend delivery promises, the publication said.

A few mills in the Midwest are now quoting a four to six weeks wait, with others about to make four weeks the minimum. In the East, delivery promises have tightened on specialty steel products.

"Hot rolled coils are being quoted at two to three weeks, but buyers are having a hard time getting the inside promise," the magazine said.

"With such demand, there is little doubt that the industry is heading for a good production year," the national metalworking weekly added. "Current forecasts vary from 110 million to 114 million tons."

Major producers of light, flat rolled products have been book- ing orders at 75 to 85 per cent of capacity, while melting raw steel at a 65 to 70 per cent rate, Steel reported.

The auto industry, steel's best customer, will continue to give the market more support than any other consuming group, at least until construction activity hits full stride, Steel said.

Automakers hope to build 2,108,000 cars and 407,000 trucks this quarter, Steel said. If they do, auto-truck output of 2,515,000 units will be higher than that of any previous quarter in history. Best previous performance: 2,506,378 in the second quarter of 1955.

The magazine expects this week to show a seventh consecutive increase in steelmaking operations. Production will exceed slightly the 2.23 million tons that steel estimated the industry poured last week.

Steel's price composite last week on the prime grade scrap, No. 1 heavy melting, was \$29, down 33 cents.

Middletown Man Under Hospital Guard

MIDDLETOWN, Ohio (AP)—Police maintained their guard today over Joe Davis, 30, who is in Middletown Hospital with wounds suffered in a gun fight that caused the death of two men.

Police said the gun duel between Davis and Eddie Atkins, 31, broke out early Saturday during a quarrel at an American Legion post. Atkins and Carl Easter, 44, were wounded fatally while Davis and two other men suffered lesser injuries. No charges have been filed so far.

The New York World's Fair of 1964 marks the 300th anniversary of the use of the city's name.

The World Today

By James Marlow

WASHINGTON (AP) — This country's effort to isolate Fidel Castro is beginning to look sick if only because business is business.

It's not a one-way street, either.

A British newspaper, the Daily Mail, complained bitterly over the weekend because a leading British physiologist, unable to get enough research funds for his work in his homeland, is leaving for the United States.

This is a frank acknowledgment of business rivalry at a time when the United States is complaining bitterly because British and French firms are selling Castro millions of dollars' worth of buses, trucks and tractors.

They are not the only friends or allies who are dealing, or are expected to deal, with Cuba.

Spain is expected to buy 200,000 tons of Cuban sugar this year, the Netherlands and Japan about 100,000 tons each. Castro in turn is expected to buy things from Japan.

This country was angered perhaps even more when France recognized Red China which this country would like to isolate, just as it would Castro. So far it has kept Red China out of the United Nations.

President Charles de Gaulle, being very practical, said it was just the practical thing to do, since the reality is that the Red Chinese run the China mainland. He is also butting into Southeast Asia and Latin America.

The British prime minister, Sir Alec Douglas-Home, even made stepped-up British trade

with Cuba sound like a device for destroying Castro's revolutionary fervor.

He defended it this way: "People become less Communist when they're more comfortable."

Sen. Barry Goldwater, running for the Republican presidential nomination, as usual has a simple answer. He says he'd use warships to stop British or French ships from carrying cargoes to Cuba.

2 Fatal Shootings Probed in Columbus

COLUMBUS, Ohio (AP) — A 51-year-old East Side man was charged with first-degree manslaughter today in Columbus' second fatal shooting on the East Side in one day. The alleged gunman in the earlier incident also had been charged with manslaughter.

Both shootings followed altercations between the victims and their alleged slayers.

Samuel J. Bowen, 51, was charged with killing his tenant and next-door neighbor, James Wallace, 37, Sunday night.

Edward E. Evans, 49, was charged in the early Sunday shooting of James Johnson, about 70.

Since he's not president, he wouldn't have to take the responsibility for what might happen afterward if President Johnson followed his advice.

For instance: What would happen to this country's various alliances if it tried to stop its allies' ships with American warships? What would happen if they ignored the warships' orders to halt?

The United States can't very well go to war with Cuba without risking the loss of its world influence or war with the Soviet Union. And no administration in a presidential election year is likely to come to terms with Castro.

So there doesn't seem much it can do except to try to persuade its allies and friends not to overdo this business of business with the Cuban.

DOES GETTING UP NIGHTS MAKE YOU FEEL OLD

After 35, common kidney or bladder irritations often occur and may make you tense and nervous from too frequent passages both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating terms in strong, acid urine and by analgesic pain relief. Get CYSTEX at drugists. Feel better fast.

Give your Beau an **-ARROW-**

Troubled with **GETTING UP NIGHTS**
Pains in BACK, HIPS, LEGS
Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease and medicines that give temporary relief will not remove the causes of your troubles. Neglect of Glandular Inflammation often leads to premature senility, and incurable conditions. The past year men from 1,000 communities have been successfully treated. They have found soothing relief and improved health.

RECTAL-COLON Are often associated with Glandular Inflammation. **Reducible Hernia** is amenable to a mild Non-Surgical treatment. Any of these disorders may be treated at the same time you are receiving Glandular Inflammation treatments.

Oil Responsibility

President Johnson recognizes the political potency of oil in the modern world. He has delegated sole responsibility for oil matters to the Interior Department.

Although the prime motive for the step was to remove the President's immediate official family from decisions affecting one of his home state's primary industries, the order returns to the Interior Department a responsibility many other agencies have horned in on over the years.

With the Soviet Union using oil as a weapon to disrupt free world markets of the essential commodity, by dumping huge quantities at uneconomic state-established prices, many departments of government in Washington have found convenient paths into the oil fields for their own particular brand of regulation.

The State Department has adopted oil as a tool in foreign policy to the extent its recommendations on imports of petroleum products have frequently

carried more weight than those of any other official agency.

Oil regulation is in itself a complicated business, with depletion allowances, production quotas, import and export barriers and even ownership determinations of the oil fields, but when oil becomes a weapon in the hands of unrelated government agencies, the possibilities of mismanagement run the gamut from damage to the industry to political connivance.

Even the Interior Department is not immune from the latter charge. Remember the "voluntary" contributions solicited for an "appreciation dinner?"

But placing the presidential stamp of approval on the Interior Department as the fundamental agency charged with overseeing one of the nation's most important industries should clamp off in any of the arteries of regulation which have been sprouting in recent years, and establish the first line of responsibility.

Status Symbol — a Buffalo

NEW YORK (AP)—Things a 17 million who own shares in columnist might never know if he didn't open his mail: If you're looking for a new status symbol, why not be the first in your neighborhood to own a live buffalo? You can buy one from the U.S. Department of Interior for 3,300 buffalo nickels—\$165.

Valentine's Day originally was for the birds. It is celebrated on Feb. 14, because that is the time when doves begin to pair. Americans this year are expected to send some 480 million valentines.

Fire, man's greatest friend against the cold, is also one of his most tragic foes. Fires last year cost nearly 12,000 U.S. lives.

America has more stockholders than union members. Women outnumber men among the

The high cost of living has caught up with cats and dogs. Some of the nation's 22,000 veterinarians charge \$5 for an office visit and \$10 for a home call. A major operation plus convalescent care for a pet can cost \$1,000 or more.

Quickies: Americans wear out 60 million decks of playing cards a year. Women consistently leave longer cigarette butts than men. There are more than 8,000 drugs in use today, including a tranquilizer for minks to make them more productive. Julius Caesar devised one of the first known codes to keep his correspondence secret.

It was Benjamin Disraeli who observed, "Every man has a right to be conceited until he is successful."

The Business World

By JACK LEFLER
AP Business News Writer
NEW YORK (AP)—The automobile boom keeps rolling along in high gear.

The industry contradicted predictions that sales would flatten out in January.

The performance heightened expectations that 1964 will be a good business year as a whole. Automakers sold 565,508 passenger cars in January, up 4 percent over the 543,600 delivered in January 1963.

This gave them a fast start toward what many expect to be the third 7-million-plus car year in a row. General Motors Corp., the No. 1 producer, had its best January in history with sales of 310,240 cars, compared with 302,440 a year earlier.

Ford Motor Co. also hit a January peak, its dealers selling 150,204 cars against 138,152 in January 1963.

Chrysler, with a 13.4 per cent increase over a year ago, enjoyed its best January since 1957.

American Motors reported the best January sales in three years. Dealers sold 32,163 new cars, compared with 31,970 a year earlier.

Production in January set a new high for the month of 744,648 cars. This exceeded the old January peak of 688,770 set in 1960.

The stepped-up pace of production continued during the week with an estimated output of 167,800 cars. This was up 4 per cent from the 161,407 assembled the previous week and 9 per cent from the 153,981 a year ago.

The steel industry moved ahead hand in hand with the automobile industry, its biggest customer. Steel production during the week posted its fifth consecutive weekly rise. Mills poured 2,217,000 tons of ingots, an increase of one-fifth of 1 per cent over the previous week.

Steel demand continued to surge ahead of expectations by mills. Producers said bookings are climbing or at least holding strong.

President Johnson came to the aid of the consumers when he asked Congress for new laws to protect them against phony packaging and disguised interest charges. He endorsed nine specific pieces of legislation.

In a special message to Congress, Johnson said: "For far too long the consumer has had too little voice and too little weight in government."

With a surge in December, consumers increased their installment debt in 1963 to \$53,745,000,000. The expansion in 1963 exceeded the previous record set in 1959.

Consumer installment debt in December rose \$460 million, up from the \$383 million increase in November. In all of 1963 the total climbed \$5,711,000,000, against a \$4,506,000,000 increase in 1962.

New orders received by factories rose slightly in December from November. This key indicator of future business advanced 1 per cent to \$35,272,000,000, from \$34,953,000,000.

The Census Bureau reported that construction spending in January rose to an annual rate of \$65,820,000,000, from \$65,463,000,000 in December.

LAFF-A-DAY

"Good heavens, man, what did you ask it?"

Try and Stop Me

By BENNETT CERF

IN THE ELABORATE country home near Williamstown of a squire who had collected millions of dollars but rarely one book for his library, John Gunther and the late Sinclair Lewis once found themselves co-guests at luncheon. It was the summer when Lewis' novel, "Kingsblood Royal" was Number One on fiction best-seller lists and Gunther's "Inside U.S.A." occupied a similar position on all non-fiction compilations. Another guest suddenly observed, "It isn't often that you find the authors of the two most popular books in the country dining at the same board. I propose a toast to Messrs. Lewis and Gunther." The host regarded his two distinguished guests with new respect and exclaimed, "I'll be damned! I never knew you two fellows write books!"

Little Oswald had been repeatedly cautioned by his mother to let his younger sister Trudi play with his toys half of the time. Came the winter's first heavy snow storm and Oswald faithfully carried out his mother's instructions. He rode his sled down the hill and allowed his sister Trudi to pull it up.

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

There is a tendency to minimize the importance of frostbite. Yet this unhappy result of overexposure to freezing temperatures can produce serious injury.

Simple precautions and the recognition of early symptoms of frostbite can prevent long and painful periods of unnecessary illness and incapacitation. The very first sign of frostbite is usually a persistent "pins and needles" sensation of the tips of the fingers, the toes, the ear lobes or the nose. Numbness and skin pallor next become noticeable. Strangely, the pale, blanching skin later turns a bluish-red.

Frostbite is preventable. Warm clothing (preferably in several layers), warm, dry, insulated socks and gloves, and waterproof shoes should be worn by anyone who must be subjected to severely cold temperatures. Clothing and shoes should not be so tight that they restrict circulation.

An excellent suggestion for motorists is to carry an extra supply of heavy clothing and warm overalls in their automobiles, should "hiking" to a garage for assistance become necessary.

If you suspect that someone has frostbite, bring them indoors to a warm room. Do not rub or massage too vigorously the frozen part of the body. Gentle thawing is recommended. This can be done by immersing the frost-bitten area in tepid or cool water.

Ice or snow should not be applied to the frozen arm or leg. It merely interferes with the important thawing-out process. Remember, too, that a frost-bitten leg or arm is less sensitive than a normal one. Bathing it with hot water can cause severe burns.

Prompt medical attention with antibiotics, anticoagulants and other drugs, under the supervision of a doctor, can prevent infection, which is sometimes a complication of frostbite.

Preparation for cold weather and the prevention of frostbite does not take exacting judgment. Rather does it need the sensible anticipation of temperature changes that can spell the difference between comfort and possible danger to life and limb.

According to a report given at the National Safety Council Congress, "Chemical hazards that have long harassed industry have invaded homes, farms and highways, where they rep-

Nothing Is Simple

By John Chamberlain

Nothing is simple. The State Department and the Pentagon handle U. S. policy as it affects our position in West Berlin. From West Berlin the agency known as RIAS (or Radio in the American Sector) conducts broadcasting operations that carry our propaganda into East Germany. Some of the programs go direct — but a number of them have, in the past, been routed through Munich, where there has been a more powerful transmitter.

Now the word comes that the Munich transmitter, which was capable of reaching all of Central Europe, has been closed down. The transmitter belonged to the Voice of America, which had "rented" it to RIAS. The shut-down is apparently the result of a deal worked out with the Soviets during the time of the Test Ban euphoria in which the U. S. exacted a quid pro quo promise that Moscow would stop jamming the Voice of America's broadcasts in the Russian language.

The deal would seem to be a queerie from every angle. For what RIAS broadcast from Munich into East Germany was actually always under the thumb of the Russians, at least potentially. The RIAS programs, originating in West Berlin, were sent by wire to the Munich station through the East Zone of Germany, where they could have been cut off by the East German Communists any time they had chosen to do so. The wire itself had to be maintained by the East Germans to keep its tone in order. Since they got paid for this service, they are happy to let the broadcasts proceed.

What makes the deal seem strange is that RIAS is apparently free to beam its programs into East Germany by other means. Deprivation of its more powerful Munich outlet means that it will have a harder time reaching the southern and extreme eastern parts of Communist East Germany, not to mention German-speaking Czechs and Hungarians. But East Berlin, which is the focus of unrest in the kingdom of chief Communist stooge Herr Ulbricht, will still be within easy broadcasting access.

What the Russians get out of the deal is problematic. They let us speak to their own subjects and cut down on the words to East Germans. Does this mean they trust their own subjects to resist propaganda where they don't trust the East Germans? Or that they trust the Voice of America to be circumspect? It could be. But then, why didn't the Russians hold out for the total liquidation of RIAS?

The cessation of powerful RIAS broadcasts from Munich does not mean that the U. S. is voiceless in the more distant parts of Eastern Europe. For

one thing, there is Radio Liberty, a privately operated organization which is heard in Poland, East Germany and Hungary. Since Radio Liberty broadcasts only in Russian and Ukrainian, it hits only a selective audience. But every word that goes into a region where there is some understanding of Russian and Ukrainian assuredly gets re-broadcast by word of mouth.

The chief worry about the strange deal involving RIAS and the Voice of America is not so much that it cuts down on the flow of information. The truly bad thing about it is that it fits "the pattern behind the pattern" of U. S. Foreign Policy. It wigwags to both the West Germans and the East European Iron Curtain populations that the big undercover drive of U. S. diplomacy is to sacrifice the hopes of satellite and border

nations to some vague accommodation with Moscow itself. While this may be in the interests of peace, it is not the sort of peace that the people of the satellites want.

Nothing is simple. But we are simple-minded. We promise Formosa and South Vietnam that we will not let them down, yet we hint that we would welcome "neutralization" policies that would permit Red sapping tactics to undermine us everywhere in the Free World borders. We say we have plans to deal with Cuba-fed subversion in Latin America, but the plans are never put into effect. We tell the West Germans that we are right behind them, and we try to make it more difficult for the voice of the West to penetrate to Eastern Europe. And then we are pained when DeGaulle doesn't take us seriously.

Views on Television—Radio

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — Anyone who is not a teen-age girl obviously is unqualified to comment on the sight of the Beatles in action.

Heaven knows we've heard them enough. It has been impossible to get a radio weather bulletin or time signal without running into "I Want To Hold Your Hand."

Now, having seen the four performers on Ed Sullivan's CBS show Sunday night, Beatlemania is even more of a mystery to an elderly viewer.

They sing close harmony, stomp their feet and play electric guitars, but so do a lot of crew-cut American boys in slacks and sweaters, and the Americans cause no riots.

Beatle clothes look about two sizes too small, and I've seen sheep dogs with more attractive hairdos.

But thousands of squealing

young girls get their message. Camera shots of panting youngsters in Sullivan's audience were disquieting, in fact.

Judy Garland did a one-woman show Sunday night, a brilliant hour in which she sang everything from "Happiness Is Just a Thing Called Joe" to "America the Beautiful."

Her Sunday night hour may be one of the season's casualties, but not for her lack of effort or talent.

Recommended tonight: "Hollywood and the Stars," NBC, 9:30-10 EST, a look at the great hours of the silent days, Valentino and John Gilbert among others; "Sing Along with Mitch," NBC, 10-11, with George Burns as guest star.

The Panama Canal opened its locks to global shipping on Aug. 15, 1914. The 50-mile-long ditch from deep water to deep water sliced 8,000 miles off the New York-San Francisco sea trip.

The Circle Was Squared

City's Ancient Conception Was Abandoned in 1837

EDITOR'S NOTE — McEwing (Mac) Noggle, Pickaway County's renowned historian, has compiled extensive information on tradition of the "Circle" in Circleville. His material describes early erection of the town in its famous circle, and then the "squaring" of the city that followed. Today's article, the second in a series of two, lists some of the reasons why the original conformation was changed. Printed copies of the author's historical evaluation may be obtained at the Third National Bank on W. West Main St.

By M. E. NOGGLE

The County of Pickaway, formed from parts of Ross, Fairfield and Franklin counties, was erected by act of the General Assembly convened in Chillicothe, then the capital of Ohio, on January 12, 1810. This same body passed a resolution appointing three men as commissioners — "to fix on the most eligible spot for the seat of Justice in the County of Pickaway."

An account of the various steps taken by the commissioners appeared:

"Our duty was considered a very important one. A thorough examination of all the places which had been mentioned was made, visiting Bloomfield and some points west of the river. The Old Indian fortifications, with the mound and circle and square, were then intact. The embankments or walls of the forts stood up many feet above the ground and were,

as was the interior, covered with large trees and heavy undergrowth. These fortifications were selected for the county seat in preference to all other places, which had been examined. In deciding, we thought we were doing that which would serve to preserve the ancient monuments from demolition and ruin, and that, with a town located here, we would be surrounded with an interest which would protect and care for us."

Daniel Dreisbach, appointed by the court as director, proceeded at once to survey and lay out the town according to directions, in the form of a circle with streets radiating from the center, with alleys and streets in the form of circles parallel to the circular space about the Court House, which was a brick structure, octagonal in form. By the date set for the sale of the lots, September 10, 1810, Dreisbach had completed the job.

The sale of the first lot was a memorable event and was celebrated with a grand barbecue. A large number of persons from the west side of the river joined in the making of an immense cheese for the occasion, weighing several hundred pounds, which was drawn to the barbecue on a large sled.

On the first day, 29 lots were sold and on the following day 11 more. The houses were rapidly pushed to completion and by winter 40 families had taken up their residence in the new town. Four years elapsed before any action was taken to incorporate.

Late in December of 1814 an act was passed by the General Assembly in session at Chillicothe to incorporate the Town of Circleville, in the County of Pickaway.

Why was this original conformation of the town ever changed? Why was this most unique feature about the place, from which the town derived its name, obliterated in order that the streets might be in checkerboard fashion, running at right angles to each other?

It was only a few years after the town began to be built up when dissatisfaction with the circular pattern of the streets showed itself in certain quarters. Some said the original design was a piece of childish sentimentalism, while others advanced the idea that the shape of the lots was awkward and inconvenient.

One of the most important reasons for the change, so the instigators argued, was that the open circular space about the Court House presented a very poor appearance, as it was the custom of the people from the country to hitch and feed their teams there, attracting to the place hogs and other domestic animals that were then allowed the freedom to roam.

However sincere these objections might have been, and however important they may have seemed to those who urged them, it is not at all likely the change would ever have been made, had it not occurred to someone that, by laying out the circular part of the town in a square form, quite an amount of the waste ground — in the center of the circle as well as in the four angles where the square portions joined the circle, and in some of the avenues and alleys — would become available for building lots and yield a nice profit over and above what the County would charge for it.

Perhaps it was a fair business transaction in those days and was not censured by the citizens except on aesthetic grounds.

In order to carry out their scheme, it first became necessary for the promoters to secure enabling acts from the Legislature and then obtain the consent of the property owners within the space affected. The first of these acts was passed by the General Assembly on March 29, 1837, which authorized the alteration of the plat of the town of Circleville.

But the promoters soon found that it was not possible for them to obtain consent of all the property owners in the entire circle, so they induced the General Assembly to pass, on March 1, 1838, a supplementary act, authorizing the friends of the measure to proceed with the alterations as soon as the consent of all the owners of any part (meaning probably any fourth part) of the circle should be obtained.

It was on March 23, 1838 that the first steps toward the squaring of the southeast quarter of the circular portion of the town were taken through the application of three prominent citizens to the Court of Common Pleas. Daniel Dreisbach, director of the town, was ordered by the court to convey to the said parties all the interest of Pickaway County in said part of Circleville, for the consideration of \$750.

On September 15, 1838 the same parties took similar action for the squaring of the northwest quarter of the circle. The consideration was the same as in the first transaction.

Eleven years after the first two quarters of the circle had been squared, The Circleville Squaring Co. started their so-called improvements to the northeast quarter of the circle. On August 17, 1849 they obtained a deed for the County lands for the sum of \$75.

Five years later, the last quarter — the southwest fourth of the circle was undertaken. An order from the court and a deed dated March 6, 1856 was secured — no consideration named.

The actual work of rearranging the streets, removing many buildings and the erection of others took many years. The work of grading the streets and building lots gradually effaced every trace of the ancient enclosures and completely obliterated the circle constructed by the first builders.

The town, deriving its name from being built around a circle had changed its nucleus spot to a square — had accomplished a feat hitherto regarded as impossible in geometry — had squared its "circle."

Thus, what might have been an incomparable heritage, became just another distinguished tradition of Circleville.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather:

A rapidly moving low pressure area brought snow to Ohio Sunday and Sunday night, with a one inch accumulation at Cincinnati and Youngstown. Pike-ton had reported two inches by this morning and Portsmouth three.

Snow was still falling early today along the Ohio River.

Temperatures early today ranged from 14 at Youngstown to 32 at Chesapeake.

Another low pressure area over Missouri early today was expected to roll eastward through Ohio, bringing possibly an additional inch or two of snow through the southern and central counties.

The snow will taper off to flurries tonight or Tuesday, but temperatures will continue rather cold.

High readings today were expected to be in the 20s and lower 30s, but tonight readings will slip downward into the teens.

OHIO FIVE DAY FORECASTS

SOUTHERN AND CENTRAL OHIO — Temperatures will average one to two degrees above normal. Normal high 38-49, normal low 22-29. Colder tonight, followed by slow warming trend. Light snow or flurries tonight, again later in week.

Williamsport

Friday (Valentine's Day) will be the annual Homecoming during the Williamsport - Mt. Sterling basketball game, to begin at 6:30 p. m.

Last week the student body selected Miss Sue Remy, a senior to reign as queen during the evening festivities. Attendees chosen were: senior — Janet Gerhardt; junior — Janie Bryant; sophomore — Vicki Sykes; freshman — Nancy Fenstermaker.

This being the last year for basketball games at the local school before consolidating into the Westfall District in Sept. 1964, former homecoming queens will be honored.

The Child Study League will meet in the Church Annex with Mrs. John Steinhauer as the hostess. Wednesday, at 8 p.m. Mrs. Eugene Scheich is program leader.

Saturday and Sunday guests of Mrs. Essie Ater and Ruth and relatives in Williamsport were Mr. and Mrs. C. T. Ater of Ashland, Ohio.

27 Held in Wooster After Gambling Raid

WOOSTER, Ohio (AP)—Trial has been set for next Monday in Municipal Court for 22 men and 5 women arrested in a gambling raid at a Wooster apartment Friday night.

Police said most of those charged with gambling were from Canton and Massillon but that some were from Cleveland, Toledo, Norwalk and Wooster. Two persons were charged with permitting gambling and were freed on \$1,000 bond each. Judge William J. Sharp Jr. set bond for the others at \$500. All posted bond and were freed.

The world's largest unmounted globe is the centerpiece of the National Geographic Society's new Explorers Hall in Washington. The sphere weighs about a thousand pounds; it measures 11 feet from pole to pole and 34 feet around the equator.

MRS. RALPH E. ENGLAND

Carol Torchick Becomes Bride of Ralph England

Miss Carol Ann Torchick, daughter of Mr. and Mrs. Michael Torchick, Route 1, South Solon, became the bride of Mr. Ralph E. England, son of Mr. and Mrs. Willard England Route 1, 2:30 p. m. yesterday in the First EUB Church, Circleville.

The Rev. Paul Brown of Logan performed the double ring ceremony before an altar decorated with baskets of flowers, palms and seven-branch candelabra.

Mr. Donald Metzler was organist. Mrs. Paul Brown, sister of the bridegroom presented vocal selections including "Because", "O Perfect Love", "Hand in Hand We'll Walk Together", "Wedding Prayer" and "The Lord's Prayer".

Given in marriage by her father the bride wore a gown of white mist taffeta fashioned with an empire bodice enhanced with a scoop neckline and elbow length sleeves appliqued with Chantilly lace motifs embroidered with iridescents. Two Obi bows and self roses accented the back waist and the dome skirt, fashioned of unpressed pleats and back fullness, flowed into a chapel train of Chantilly lace. A Swedish three-tiered crown of seed pearls held her waist length veil of imported silk illusion and she carried a white orchid topped with a white orchid and a cascade of red and white carnations. Her only jewelry was a pair of pearl earrings, a gift of the bridegroom.

Mrs. Carol Dorsey, sister of the bridegroom, was matron of honor. Bridesmaids were Mrs. Betty Torchick, sister-in-law of the bride, Miss Patsy Moss and Miss Terrie Adams. They wore identical floor length sheath dresses of red satin each designed with an oval neckline, elbow length sleeves and a tailored bow accenting the side drape of the controlled skirt. Swedish crowns of matching horsehair braid held their circle veils and each carried a colonial bouquet of red and white carnations.

Sherrie Brown, niece of the bridegroom was flower girl. She wore a floor length dress of white taffeta with an oval neckline and elbow length sleeves. The softly pleated skirt was accented in back with a large bow. A crown of iridescents held her half veil and she carried a white nylon basket of red rose petals.

Mr. Vinton Dorsey, brother-in-law of the bridegroom, served as best man. Ushers were Mr. Robert Torchick, brother of the bride, Mr. Brad Huffines and Mr. Terry Anderson. Nathan Dorsey, nephew of the bridegroom, was ring bearer.

Mrs. Torchick chose for her daughter's wedding a beige two-piece suit of nylon raffia knit with beige and brown accessories. The bridegroom's mother wore a three-piece gold metallic suit with brown accessories. Both wore gold carnation corsages.

A reception was held at the service center following the ceremony. Red and white carnations and candles decorated the tables. Hostesses were Mrs. Juanita Norman, Circleville; Mrs. Evelyn England, Kingston; Mrs. Lucille England Columbus; Mrs. Jane Peck Sedalia; Mrs. Agnes Pugsley and Mrs. Vernamie Dorn, South Solon.

For a wedding trip to Florida the new Mrs. England wore a royal blue two-piece suit with black accessories and the orchid from her bridal bouquet.

They will reside at 609 1/2 S. Court St.

The bride, a graduate of Logan Elm High School, is employed as typist at Sears Roebuck, Circleville.

Mr. England is a graduate of Logan Elm High School and attended Ohio State University. He is presently engaged in farming with his father.

Out-of-city guests were from Logan, Lancaster, Chillicothe, Kingston, Lockbourne, Columbus, Cambridge, Sedalia and South Solon.

Women's Guild Continues Study Session

The study of the growing Christian, led by Mrs. Ross Kirkpatrick, was continued, when the Women's Guild of Heidelberg Church met in the home of Mrs. Richard Justus.

Mrs. Rupert Welliver, president, conducted the business session. The group resolved to write their congressmen in support of the amendment to restate the first amendment of the Constitution to allow prayer and Bible reading in the schools on a voluntary nonsectarian basis. Plans were also completed for a bake sale Feb. 22 at Brown's Grocery.

A lunch in keeping with the Valentine theme was served to 16 members and one visitor.

Mrs. Floyd Valentine will be hostess for the next meeting.

Place of Circle 1 Meet Rescheduled

Members of Circle No. 1 WSCS of the First Methodist Church will meet 8 p. m. today in the home of Mrs. Margaret Johnson, 314 1/2 E. Mound St.

The meeting was originally scheduled to be held in the home of Mrs. David LaBounty.

Meeting Scheduled

Circleville Chapter No. 90, OES, will meet 8 p. m. Tuesday in the Masonic Temple for initiatory work.

Dear Abby: by Abigail Van Buren

Unbelievably True!

DEAR ABBY: This may sound like a silly problem, but it is very serious to me. My husband travels a lot and I am terrified to stay alone at night, so he gets me a room at a motel while he is gone. I get all upset several days before he leaves and I'm unbearable to live with. I realize how stupid this is, and we really can't afford the extra expense, but I just can't help myself. I am so ashamed of my problem that I don't tell people about it. When my neighbors see me coming home the next morning, I can imagine what they must think. What should I tell them when they ask me where I was the night before?

AFRAID
DEAR ABBY: Tell them you spent the night at a motel. They'll never believe it.

DEAR ABBY: I am a teenage girl who figured something out that might help parents. When a girl goes on a date with a boy she likes pretty well, she usually gives him a good-night kiss. In order to discourage this (I guess) most parents leave the porch light burning. Most kids, not wishing to put on a show for the whole neighborhood, take the hint. But they soon take to saying their goodnights in a parked car on a back road. Parents who want to protect their daughters from a tender goodnight kiss at the door may unknowingly be encouraging a wrestling match in a parked car. Thank you.

A GIRL WHO KNOWS
DEAR ABBY: A brute who would wrestle a girl for a kiss in a parked car is not about to settle for a "tender goodnight kiss" at the door. The porch light should be ON until everyone who's OUT is IN. And the place for a goodnight kiss is IN the house.

DEAR ABBY: May I add something to your answer to the sixth-grader who was ashamed of his mother because she had a foreign accent? Every American, except the American Indian, descended from foreigners. But foreigners

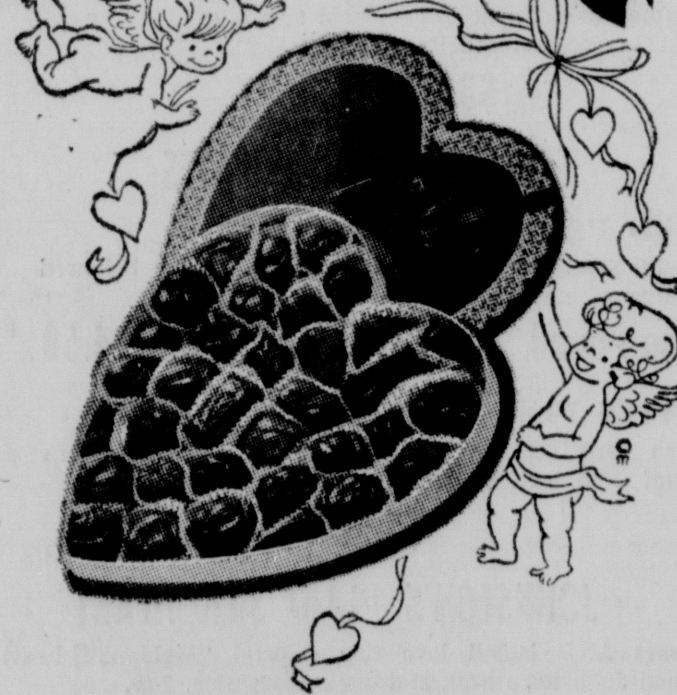

AAUW Literature Group Slates Meet

ONE BALL, FIVE HANDS — Five hands grab at the basketball as a trio of cagers go after it in the game between Logan Elm and Amanda Saturday night. For Logan Elm, Art Murray (34) and Jeff Lutz, directly behind Murray, try to pull down the rebound while the Amanda cager in the action is Dean Barr.

Braves Top Aces By 57-46 Margin

The Logan Elm Braves, playing their final home game of the season, romped to a 57-46 decision over Amanda-Clearcreek Saturday night.

The victory ups the season record for the Braves to 10 wins and seven losses. The Aces are 2-15 for the year.

Logan Elm coach Keith Merrin received double figure scoring performances from two of his guards and his center. Gary Hardman hit six field goals for 12 points while his running mate Arnie Gabriel, scored 14 on seven buckets.

Under the bucket, sophomore Darryl Reichelderfer tallied 14 points on five field goals and four charity tosses. He also pulled down 11 rebounds, seven ed down 11 rebounds, seven boards.

LOGAN ELM controlled the boards, pulling down 41 rebounds while the visitors managed 31. Jeff Lutz, although he scored only six points, grabbed 13 to lead in this department.

Jerry Cole was the lone Amanda-Clearcreek cager to hit double figures. He scored 21 points on six field goals and nine charity tosses. But 14 of his total came in the fourth quarter after the Braves had built up a safe lead.

Logan Elm moved to the top early in the game and was never headed.

By the end of the first eight minutes, the Braves held a 12-7 lead. At one point in the second period they were on top 15 points but the Aces outscored them by eight in the final four minutes of the period. The score was 27-20 as the teams went into the dressing room at halftime. Going into the final quarter the score was 43-28.

At the foul line Logan Elm hit 11 of 21 attempts for an average of 52.3. The Aces canned 10 of 12 chances.

From the field, the Braves connected on 23 of 61 shots for a

38 per cent average. The Aces scored 18 of 57 tries for a 32 per cent.

THE BRAVES committed only 13 turnovers, turning in one of their better floor games of the year.

Logan Elm won the reserve game, 45-32, in spite of a 19-point effort by Young of Amanda-Clearcreek.

Russ Merrin paced the Little Braves with 14 points while Rod Hedges contributed 11 to the winning offense.

Friday the Braves will go to the Teays Valley gymnasium for a game that was originally scheduled to be played at Logan Elm. It will be the final tilt of the season for both teams before tournament play.

An advance sale of adult tickets is being conducted at Logan Elm high school.

Yesterday the Braves drew Madison South in the Teays Valley sectional tournament. They will play at 1:30 p.m. Feb. 22.

Williamsport and Logan Elm Seeded in Sectional Event

By STEVE JONES

Williamsport and Logan Elm were top seeded teams in the Teays Valley sectional tournament drawings held yesterday at Otterbein College, Westerville.

At Otterbein the two seeded teams will be University and Centerburg; at Denison the top teams are Newark Catholic and Johnstown; and Pleasant and Richmond are seeded at the Delaware sectional.

The Central District Class A tournament will be operated again as it was last year, with four sectional tournaments scheduled to begin Feb. 21. The sectional sites are at Teays Valley, Otterbein College, Westerville; Denison University, Granville and at Delaware.

All Pickaway County schools will play at the Teays Valley sectional. The teams competing there and their records are:

WILLIAMSPORT (14-5), Jackson (11-7), Logan Elm (10-7), Lancaster Bishop Fenwick (9-8), Berne Union (8-8), Madison South (7-10), The Plains (6-9), Darby (4-11), Monroe (4-15), Amanda (2-15).

In the first round of play at Teays Valley Feb. 21, Berne Union will meet Monroe at 7 p.m. and Lancaster Bishop Fenwick will tangle with Amanda-Clearcreek at 8:30.

The tournament resumes at 1:30 p.m. the next day, Feb. 22, with Logan Elm playing Madison South. At 3 p.m., Darby and Williamsport do battle.

Then in the evening session, Jackson will play the winner of the Berne Union - Monroe game and The Plains of Mt. Sterling will play the winner

of the Amanda - Fenwick contest.

The tournament finals are slated Feb. 28 and 29. The district finals will be held in the Ohio State Fairgrounds Coliseum beginning Mar. 4.

The district finals were pre-drawn. Eight of the 40 class A teams in the central district will play in the finals with two teams going on to regional play. Logan Elm is both a defending sectional co-champion and defending district co-champion.

THE DISTRICT set up finds the winner of the lower bracket at the Delaware tournament facing the winner of the upper bracket at Denison University in the first game slated at 5 p.m.

The second tilt finds the winner of the lower bracket at Teays Valley playing the winner of the lower bracket at Otterbein at 6:30 p.m.

In the third game of the evening, the winner of the lower bracket at Denison plays the winner of the upper bracket at Otterbein. The finale of the day pits the winner of the Teays Valley upper bracket against the winner of the upper bracket of the Delaware sectional.

Two district brackets may well affect Pickaway County teams. Should Jackson, Monroe or Logan Elm win the upper bracket at Teays Valley they could possibly face one of five teams in the first district game. The teams are: Cardington (2-13), Mt. Vernon St. Vincent, (8-8), Pleasant (13-4), Byhalia York (7-9), or Ridgedale (8-7).

Assuming that Williamsport or possibly Darby could win the lower bracket at Teays Val-

ley they would face one of the five following teams: New Albany, Ohio Deaf (3-14), University (15-1), Academy (6-7), Dublin (7-10).

A look at the records of teams involved in the Central District indicates the race is pretty much of a toss up at this point as to which two teams will move on to the regionals.

Only University, (15-1) is generally conceded to be a "sure thing" by most of the coaches. Logan Elm coach Keith Merrin, who has pitted his Braves against Southeastern, New Lexington St. Aloysius and University, tabs the little Bucks the best of the trio, although Southeastern is rated third in the Associated Press Class A cage poll. All three teams have been in or near the top 10 all season.

CLASS A CENTRAL DISTRICT OTTERBEIN SECTIONAL — Feb. 21: Fairbanks (7-9) vs. Centerburg (15-3), 7 p.m.; Ohio Deaf (3-14) vs. University (15-1), 8:30; Feb. 22: Can- al Winchester (7-10) vs. Rosary (6-10), 1:30 p.m.; Academy (6-7) vs. Dublin (7-10), 3; St. Mary's (5-11), vs. Fairbanks - Centerburg winner, 7; New Albany (3-11) vs. Ohio Deaf - University winner, 8:30; Feb. 23 — One final game, 8 p.m.; Feb. 29 — Second final game, 8 p.m., both victors to Columbus District.

DELAWARE SECTIONAL — Feb. 21: Mt. Vernon St. Vincent's (8-8), vs. Pleasant (13-4), 7 p.m.; Danville (1-15) vs. Richmond (7-9), 8:30; Feb. 22: Byhalia-York (7-9) vs. Ridgedale (8-7), 1:30 p.m.; Delaware St. Mary's (1-10) vs. Marion Catholic (5-11), 3; Cardington (2-13) vs. Mt. Vernon-Pleasant Winner, 7; Gallon Northmoor (2-14) vs. Danville - Richmond winner, 8:30; Feb. 23: One final game, 8 p.m.; Feb. 29: Second final game, 8 p.m., both victors to Columbus District.

TEAYS VALLEY SECTIONAL — Feb. 21: Berne Union (8-8) vs. Monroe Twp. (4-15), 7 p.m.; Amanda-Clearcreek (2-15) vs. Lancaster Fenwick (9-8), 8:30; Feb. 22: Logan Elm (10-7) vs. Madison South (7-10), 1:30 p.m.; Darby (4-11) vs. Williamsport (14-5), 3; Jackson Twp. (11-7) vs. Berne Union-Monroe winner, 7; Mt. Sterling, The

Ross Tourney Will Start Wednesday

Pairings in the Ross County tournament were held Saturday at Chillicothe. The tourney is slated to begin 7 p.m. Wednesday in the Chillicothe High School gymnasium.

On the opening night Huntington High School and Unioto clash in the first tilt. Buckskin and Clarksburg tangle in the second battle.

On the following night, Frankfort and Paint Valley start the action while Kingston and Centralia meet in the evening's finale.

Southeastern, Ross County League winner, drew a first round bye and will meet winner of the Huntington-Unioto game Feb. 15. Bishop Flaget, second in the loop was awarded the other bye and will play the winner of the Buckskin-Clarksburg game.

In recent years, the league winner has not won a tournament in Ross County. However, Southeastern is the first modern day team that has taken an unblemished record into the event.

Texas A & M. will remember Ohio State's Bill Spahr for some time. In their game last fall he intercepted three passes.

Plains (619) vs. Amanda-Fenwick winner, 8:30; Feb. 23: one final game, 8 p.m., both victors to Columbus District.

DENISON SECTIONAL — Feb. 21: Liberty Union (9-8) vs. Johnstown (10-6), 6 p.m.; Licking Valley (4-12) vs. Howard (10-5), 7:30; Newark Catholic (13-4) vs. Pickerington (8-8), 9; Feb. 22: Licking Heights (5-10) vs. Millersport (3-12), 6 p.m.; Watkins Memorial (7-9) vs. Licking Valley-Howard winner, 7:30; Heath (7-10) vs. Newark-Pickerington winner, 9; Feb. 23: Two final games, 3 and 8 p.m. victors to Columbus District.

SPORTS

The Circleville Herald, Mon., Feb. 10, 1964 7
Circleville Ohio

Circleville High Wrestlers Win, 50-3, at Chillicothe

The Circleville High School wrestling squad romped to a 50-3 win over Chillicothe Saturday, registering nine consecutive pins.

"The meet probably did the boys more harm than good," Tiger grappling mentor Dave LaBounty reported. "This was the first year for Chillicothe in the sport."

"Our kids took advantage of their inexperience and I'm afraid they will think they can wrestle anybody the way they did the Chillicothe boys," he continued.

The lone Tiger to lose was Jim Starkey in the heavyweight division. He dropped a close 1-0 decision to Ron Hildenbrand, who LaBounty felt was the best of the Cavalier grapplers. It was the first meet for Starkey.

IN THE first match, the Cavaliers had no competitor so Craig Benzenberg won by default.

Then the pin parade started. Mike Fyffe took 1:40 to put Jer-

ry Hill's shoulders to the mat in the 112 division.

Charlie Martin followed with a pin of Steve Booker in 1:21. Then Junior Tootle took Pete Foresberg's measure in 2:46 of the 127-pound match.

Tom McDonald registered his pin over Jay Lloyd in 5:07 while Glenn Easterday turned the trick on Barry Foster in 1:25.

Bill Deihl downed Jim Kern in 3:01, Joe List came up with a pin of Mike Porter in 3:32, Mick Tomlinson pinned Mark Jemley in 4:25 and Mike Wells pinned Al Park in 3:48 to cap the winning efforts.

Although the Tigers have no more meets slated before the sectional tournaments Feb. 28, LaBounty is negotiating with Lancaster for a bout.

In 52 innings of World Series pitching for the Yankees between 1949 and 1953, Ed Lopat did not yield one home run.

2. Special Notice

WANTED!

MEN — WOMEN

from ages 18 to 52. Prepare
now for U. S. Civil Service
job openings in this area dur-
ing the next 12 months.
Government positions pay as
high as \$446.00 a month to
start. They provide much
greater security than private
employment and excellent
opportunity for advancement.
Many positions require little
or no specialized education
or experience.
But to get one of these jobs,
you must pass a test. The
competition is keen and in
some cases only one out of
five pass.

LINCOLN SERVICE, Dept. 123
Pekin, Illinois
I am very much interested. Please send me absolutely FREE

Vikings Push Win Streak To 15 Games

Dave Reese Paces 72-48 Victory over Fairfield Union Five

The Teays Valley Vikings had little difficulty extending their 14-game winning streak to 15 Saturday night as they defeated visiting Fairfield Union, 72-48.

Russ Gregg's undefeated eagles roared to an 18-5 first quarter lead and were on top 37-14 by halftime.

When the score reached 51-17 in the third period, Gregg began moving his reserves into the game.

Fairfield Union tallied 28 points in the final quarter — seven more than they had scored during the first three periods.

DAVE ROESE paced the winners with 18 points. The rugged Viking guard hit eight field goals and two foul shots.

Also gaining the double figure column was Bill Fortner with 13 points on six field goals and one foul shot. A total of 11 Teays Valley cagers broke into the scoring column.

Scoring honors for the losers were shared by Connor and VanoAtta. Both tallied 16 points.

Teays Valley will close its second season Friday by hosting Logan Elm.

The game was previously scheduled at Logan Elm, but officials of both schools agreed the limited capacity of the Braves' gymnasium would not seat an expected overflow of fans.

In the jayvee tilt Saturday, the young Vikings lost another game that went right down to the closing buzzer. The final score was 43-39 in favor of the visiting quintet.

FAIRFIELD UNION

Kemmerer, 3-0-6; Connor, 6-4-16; Van Atta, 7-2-16; Woodside, 4-0-8; Wagner, 1-0-2. Totals, 21-6-48.

TEAYS VALLEY

Kuhlwein, 0-1-1; Reese, 8-2-18; Clay, 4-0-8; Mallory, 3-0-6; Fortner, 6-1-13; Seymour, 2-1-3; Roof, 2-1-3; Knutfield, 1-2-4; Brady, 1-0-2; Conrad, 1-2-4; Graham, 2-2-6. Totals, 30-12-72.

Score by Qtrs. 1 2 3 4 Total

Fairfield Union 5 16 21 48

Teays Valley 18 37 55 72

Reserve Game: Fairfield Union 43, Teays Valley 39.

Nicklaus Uses His Putter To Win Test

PHOENIX, Ariz. (AP) — Jack Nicklaus remembered something Arnold Palmer showed him two years ago and used it to advantage in winning the \$50,000 Phoenix Open, an event Arnie had captured the past three years.

"He used a driver on all the holes and won by a mile," Nicklaus recalled as he pocketed the first prize check with a 66 and 72-hole score of 271.

The burly young pro from Columbus, Ohio, proved his ability with a driver when he blasted 350 yards off the tee on the fourth hole and then hit hole high, six feet away from the hole on the 305-yard fifth hole. That brought a birdie and eagle and sent Nicklaus into the lead to stay en route to his first 1964 victory.

"You hit a driver and you have a chance for birdies," Jack explained. "You may hit behind trees a couple of times, but overall it's to your advantage to use the driver."

He proved it with a finish three strokes ahead of the tourney's Cinderella man, Bobby Brue, a former Milwaukee amateur star who got into the event only because 11 others dropped out. Brue, 29, was the last alternate admitted to the field, yet he put together rounds of 70-67-67-70 for a 274.

Until he bogeyed the 15th hole Brue appeared to have a chance of catching Nicklaus, who had three bogeys himself on the back nine after a 30 going out. As it was, spectacled Bobby collected his largest golf check — \$4,000.

UofC Cage Pilot Goes under Knife

CINCINNATI (AP) — Ed Jucker, University of Cincinnati basketball coach, has been benched for a week because of acute appendicitis.

Jucker became ill Saturday night and underwent an appendectomy Sunday at Flow Memorial Hospital in Denton, Tex.

A physician told the Cincinnati Enquirer the operation was successful. He said the appendix had not ruptured and that Jucker would remain at the hospital for five or six days.

Asst. Coach Tay Baker took the team to Houston for tonight's game.

The Circleville Herald, Mon. Feb. 10, 1964

Circleville, Ohio

Bowling Green Is Spoiler In Mid-Am Cage League

By THE ASSOCIATED PRESS

Bowling Green, a team that's going nowhere in particular, is having a ball these days knocking off the top clubs in the Mid-America Conference.

The Falcons did it again Saturday night with a 76-69 overtime victory over Ohio University. The Bobcats (7-2) saw their first place lead trimmed to a half game over Miami (6-2).

Howard (Butch) Komives, the nation's No. 1 pointmaker, enhanced his chances for All-America recognition with another brilliant performance. He poured in 44 points, a career high, and held Ohio's top shooter, Jerry Jackson, to only three points.

The Falcons, 3-5 in the league and only 7-7 overall, overcame an eight-point deficit in the second half and outscored the Bobcats 11-4 in the extra session.

There were standout performances elsewhere on the Buckeye collegiate front.

All-America Gary Bradds delivered 40 points as Ohio State nipped Indiana 98-96 in overtime. All-America Ron Bonham fired in 38 in Cincinnati's 78-68 triumph over North Texas State; Rex Taylor netted 45 in Wilmington's 93-83 verdict over DePaul, and Ray Snyder tallied 38 for Baldwin-Wallace but the Yellow Jackets bowed to Muskegon, 95-82.

In a Sunday game, Joe Geiger sunk 33 points to spark Xavier to an 86-73 come-from-behind victory over Catholic University of Washington, D.C. Catholic held a 41-36 halftime edge.

The victory for the Buckeyes moved them into second place in the Big Ten scramble with a 5-2 mark. Bradds contributed 5 of his 40 points in the extra period and now has 177 points in his last four outings. The Bucks can move to within one game of first-place Michigan with a triumph tonight over Illinois at St. John Arena.

Bonham's production, his best ever with the Bearcats, helped Cincinnati post its second straight victory after five consecutive losses.

Miami went outside the MAC to whip Xavier 97-85 as Jeff Gehring and Charlie Coles tallied.

IN THE COURT OF COMMON PLEAS OF PICKAWAY COUNTY, OHIO

Notice is hereby given to the officers and members of the Christ Church of Lick Run, Jackson Township, Pickaway County, Ohio, and to all others whom it may concern, that on the 31 day of January, 1964, the Trustees of said Church, filed in the Court of Common Pleas of Pickaway County, Ohio, in Case No. 23822, their certain petition praying the Court for an order giving them authority to sell and convey in fee simple, at the best price obtainable to any purchaser or purchasers as may be found, the following described real estate situated in the County of Pickaway in the State of Ohio, and in the township of Jackson and bounded and described as follows, to wit:

Beginning at a stone corner of Neffs and Whites land, thence S. 22 degrees E. 46 poles to a stone corner to said Church lot, thence S. 89 degrees W. 13 poles to the center of the road, thence S. 89 degrees E. 19 poles to a stone at fork of road, thence N. 22 degrees W. 13 poles and 22 links to the beginning, containing ninety (90) poles of land and being a part of Survey No. 6436 made in the name of Benjamin Hoyg and being the same land that was sold and conveyed unto the said James Marshall by Jacob H. Schryver and Elizabeth, his wife, by Indenture under date of March 17, 1863, and of record in the Recorder Office at Circleville in Book 28 in pages 114 and 115 and being the same premises conveyed by James Marshall and Sarah Marshall, his wife, to James Marshall, James Whiteside, Enos Stouffer, John Mitchell, William S. Littleton, Trustees by deed dated the 24th of December A.D. 1864 and entered of record in the Recorder Office, Pickaway County Ohio Book 31 pages 39, 40 and 41. Being the same premises conveyed to John List, Martin Trump and Philip Kern, as Trustees of Christ Church by Albert Pherson, Robert Pherson and John McLaughlin, Trustees of the Lick Run Methodist Episcopal Church by deed dated October 13, 1886, and recorded in Pickaway County, Ohio Deed Records, Volume 36 at page 107, and on which said piece of ground is situated the Church edifice of said Church.

Said petition and cause will be heard on Tuesday the 3rd day of March, 1964, or as soon thereafter as may be.

lied 27 and 25 points, respectively.

In another Mid-Am skirmish, Kent State nipped Western Michigan 85-84 as Fred Albrecht led the way with 31 points.

In the Ohio Conference, Wittenberg (9-1) stayed atop the heap by routing Mount Union 77-42. But the Tigers lost Little All-America Al Thrasher for the third time this season. Thrasher re-injured his right knee and may be lost for the rest of the campaign.

Otterbein stayed in the thick of the OC race with a surprise 65-60 decision over Akron on the Zips' floor.

In other top games, Toledo topped Pan American 87-79, and Central State clipped Lincoln (Mo.) 90-72.

Indians Drop 64-44 Battle

The Monroe Indians were defeated by Class AA Hamilton Twp., 64-44, Saturday night at Hamilton.

It was the final game of the season for the Indians. They finished the regular season with a 4-15 record. Hamilton has an 11-6 record.

In the Class A sectional tournament at Teays Valley, Monroe will play Berne Union in the opening game at 7 p. m. Feb. 21.

Saturday the Monroe Cagers held a slight 14-13 first quarter edge. Then the bigger Hamilton cagers began to move and led by eight at halftime. By the beginning of the final period they had built a 47-32 margin.

THE LEADING scorer was John Schriber of Hamilton. He zipped 13 field goals and hit six charity tosses for 32 points — exactly half of his team's total production. He was the only Hamilton cager to hit in double figures.

High for Monroe was Tom Seely with 18 markers. He scored eight buckets from the field and two at the charity stripe.

Bob Sparks contributed 12 points to the Indian offense with three field goals and six foul shots. The Indians hit 28 per cent of their field goal attempts.

In the preliminary game, the host school also took a victory — this time by a 46-21 count.

Wildcats Unit Overpowered By Panthers

The Jackson Twp. Wildcats gamely held on until three of their starters fouled out Saturday night before losing to a powerful visiting Southeastern quintet, 98-77.

The Ross County Panthers actually trailed, 24-22, at the end of the first eight minutes. However, they fought back to gain a 52-39 halftime lead.

But the Jacksonians were still in the battle as the final period began, trailing by only eight points, 71-63.

The Jackson cagers were in foul trouble early in the game. Coach Paul Hoskins had his unit in a full-court press the first half, and as the teams went to the dressing rooms at halftime, two of his charges had four personals.

A TOTAL of 16 fouls had been committed by Jackson at halftime. Before the game was over, Steve Neff, Ray Mowery and Dwight Whaley had left via the foul route.

From the field the Wildcats hit 46 per cent of their field goal attempts.

"They were just too strong for us on the boards," Hoskins said. "They were getting the second and third chance at the basket." The Wildcats had 28 rebounds.

Leading scorer was Strausbaugh of Southeastern. He canned 11 field goals and six charity tosses for 28 points. Larry Jordan, their 6-6 pivot man, hit seven field goals and seven charity tosses for a total of 21.

High for the losers was Ed Martindale, with 10 field goals and five charity tosses. All five of the Jackson starters hit double figures with Whaley getting 14, Bruce List and Mowery collecting 13 and Steve Neff adding 12.

THE VISITORS also won the reserve game, but not until it went into a double overtime. The final score was 55-50 in favor of the little Panthers.

In this game, too, fouls hurt the home team. Four of Jackson boys fouled out, including Meredith O'Dell, who scored 16 markers for the losers. Barbee of Southeastern paced the jayvee game with 19 points.

Friday Jackson plays Berne Union. In the tournament at Teays Valley, the Wildcats drew a first round bye, and play the winner of the Monroe-Berne Union game at 7 p. m. Feb. 22.

SOUTHEASTERN

Ex-Ohioan Wins 250-Mile Race

DAYTONA BEACH, Fla. (AP) — Three Ohioans finished among the leaders in the Auto Racing championship at Daytona International Speedway won Sunday by a former Ohioan.

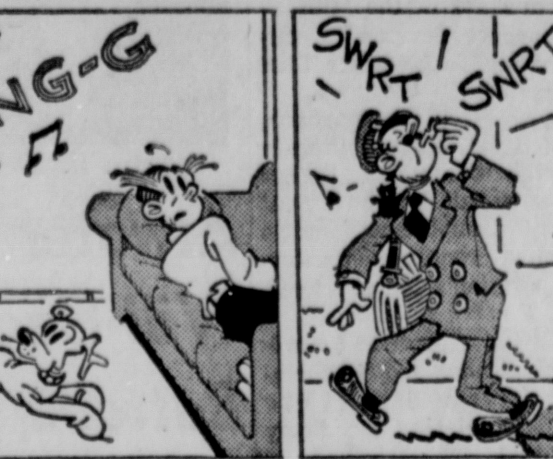

The champ, Nelson Stacy of Daytona Beach, formerly lived in Hamilton, Ohio. His 154.103-mile-an-hour pace in a 1964 Ford won him \$4,200. Jim Cushman of Columbus was fifth in a '64 Plymouth for \$800, Mike Klapak of Warren eighth in a '64 Ford for \$450 and Jack Bowsher of Springfield ninth in a '64 Ford for \$400.

Army Sgt. Edward J. Colebeck Jr., 32, son of Mrs. Gladys Colebeck, Derby, and nearly 3,000 other soldiers of the 25th Infantry Division's 2nd Brigade Task Force began leaving Hawaii by air on Jan. 25 for Okinawa to participate in Exercise Quick Release. The month-long exercise is scheduled to end Feb. 25.

Sgt. Colebeck is a squad leader in Company C. He entered the Army in 1951 and arrived at the barracks in this tour of duty in July 1961. His wife, Anna, is with him in Hawaii.

Harold E. Bivens, airman apprentice, USN, son of Mr. and Mrs. Jack B. Bivens, 451 Watt St., is serving aboard the attack aircraft carrier USS Bon Homme Richard operating out of San Diego, Calif.

THE carrier left Jan. 28 from a tour with the Seventh Fleet in the Western Pacific. While enroute to the Far East, she will conduct an Operational Readiness Inspection in Hawaiian waters to determine the carrier's battle efficiency.

Gary O. Pontious, USN, son of Mr. and Mrs. Orval O. Pontious, Route 2, Kingston, is serving aboard the attack cargo ship USS Mulliphen, which departed Norfolk, Va., on Jan. 13 for a five-month tour of duty with the Sixth Fleet in the Mediterranean.

R. G. Ratliff, USN, son of Mrs. Helen Ratliff, Route 1, Orient, is serving as a member of the "Flying Rifles" precision drill team at the Naval Air Technical Training Center, Memphis, Tenn.

Forest Fire Count Climbs During 1963

COLUMBUS, Ohio (AP)—The number of forest fires was up, the Lake Erie water level was down, and 24 persons died in boating accidents, the Ohio Department of Natural Resources says in looking back at 1963.

The forestry division reported a record 1,579 fires which burned 8,231 acres in fire protection districts. It blamed debris burners and smokers for 964 of the blazes.

For the tenth straight month, Paul Kaser of the division of water came up with the same statement—"the drought continues." He also said the Lake Erie mean level was 1.5 feet below normal, the lowest in 25 years. Since March 1963, the last normal precipitation month, the water deficiency stands at 12.74 inches.

The 24 boating victims were claimed in 78 accidents in which 32 other persons required at least 72 hours of hospital treatment, and property damage of \$41,206 was caused. Boating accident deaths dropped from 36 in 1961 and 31 in 1962.

Boatnapers were busy in 1963, too. The division reported 58 boats, 68 motors and 8 boats with motors attached were stolen. Those figures were under the 1962 totals when 85 boats, 95 motors and 9 boat-motor units were pilfered.

Bowers Is Named Top Hocking Farmer

Robert Bowers, Laurelville, was named the farmer who has done the most toward the practice of conservation in Hocking County by the Logan Kiwanis Club.

Circleville, Ohio

Army PFC Boyd E. Arledge, 24, son of Mr. and Mrs. Alva B. Arledge, Route 2, Laurelville, is participating in Exercise Quick Release on Okinawa.

The more than 3,000 soldiers taking part in the exercise are carrying only essential light combat equipment. Heavy equipment, including artillery weapons and tanks, will be issued from ships of the Military Sea Transport Service, a forward floating depot, after the men deplane on Okinawa.

This new logistical approach, being tried for the first time in the Pacific Command, is expected to speed the movement of troops to trouble spots and to reduce airlift requirements during an operation's initial stages.

ARLEDGE attended Laurelville High School and was employed by Tar Hollow State Park before entering the Army in April 1963.

James F. Hinton, USN, son of Mr. and Mrs. Emmett Hinton, Route 4, is attending Tele-type Maintenance School at the Naval Station, Norfolk, Va.

Marine PFC Robert E. Russell, son of Mr. and Mrs. Edward Russell, Route 1, Ashville, graduated Jan. 31, from Aviation Mechanical Fundamentals School at the Naval Air Technical Training Center, Memphis, Tenn.

Donald K. Harden, USN, son of Mr. and Mrs. Ned W. Harden, 146 Park Place is serving aboard the destroyer USS Decatur, which is participating in the exercise "Operation Springboard" in Caribbean waters.

Michael D. Wilson, 19, son of Mr. and Mrs. Richard E. Wilson, 255 Edward Road, began basic training Jan. 28 at the Naval Training Center, Great Lakes, Ill.

PAUL R. LANGDON

Atwater PTA Will Hear Battelle Exec

Paul R. Langdon, who serves as manager of finance and accounting at Battelle Memorial Institute, Columbus, will be guest speaker when the Atwater Parent-Teacher Assn. meets 8 p. m. Thursday at the school. His subject will be "Education in a Technological Age."

Langdon is the current president of the Columbus Board of Education and has served on the Legislative Committee and as chairman of the Finance Committee of the Ohio School Boards Assn. He is trustee and secretary to the Board of Malone College at Canton.

In his present position at Battelle, Langdon is responsible for establishing and maintaining all accounting and auditing procedures used in Battelle's diversified scientific research for government and industry.

Before he joined Battelle Langdon served as director of finance for the U. S. Railroad Retirement Board and as a public accountant.

Pupil Boycott Set in Cincy

Civil Rights Rap Segregation

CINCINNATI (AP)—It looks as if thousands of Cincinnati public school students will not be in class Tuesday.

The on-day boycott to protest alleged de facto segregation in the schools became almost inevitable Sunday night when a coordinating committee of civil rights groups rejected a mediation offer by three clergymen and a Negro member of City Council.

Committee members went to their meeting from an earlier meeting of the Board of Education, which voted to accept the mediation offer if the civil rights groups abandon the boycott and drop a lawsuit against the board.

In a counteraction, the civil rights groups sent out a telegram shortly after midnight calling on the School Board to agree to a consent judgment in the lawsuit. The civil rights groups suggested that the matter be referred to a biracial committee set up through mutual agreement.

The civil rights groups had rejected the mediation offer Saturday shortly after it was made by Councilman Theodore M. Berry and the clergymen, but indicated then they might change their mind.

"We do not need any committee to translate what we want or what the board of education wants," Mrs. Lucille Green, secretary of the local chapter of the National Association for the Advancement of Colored People, said in explaining the committee's decision Sunday night.

Another meeting between the board and the civil rights groups was scheduled for today.

The civil rights groups say the School Board discriminates in teacher and pupil assignments; that schools with predominantly Negro pupils have poorer equipment, and that school district boundaries have been gerrymandered to keep the races apart as much as possible. The federal court suit against

Circleville's Aviation Club Schedules Second Meeting

Circleville's fledgling aviation club will hold its second meeting here Wednesday.

Scheduled for 8 p. m. in the Prairie Lanes party room, the meeting will be under the direction of Robert Litter, newly-elected president.

Nearly 50 persons attended the first meeting last month and Richard Pettit, secretary-treasurer, holds hopes that an even larger turnout will be recorded Wednesday.

Main item of business on the group's agenda will be selection of a name for the organization. Litter said he already had received several suggestions, but that the matter will be settled after discussion on the floor.

the school board makes the same accusations.

School officials deny all these charges. They claim that Cincinnati public schools have been integrated for decades. The School Board in 1959 stopped listing the race of pupils—which makes it hard to say how many of the 80,000-plus students are Negroes.
